

# Guest lecture

**Audun Botterud (Massachusetts  
Institute of Technology):**

***Towards Zero-Carbon: Challenges and  
Solutions for Electricity Systems***

**Date:** 05.02.2024 at 2pm

**Place:** 4340 Institute of Electricity Economics and Energy Innovation

## INFORMATION

Audun Botterud is a Principal Research Scientist in the MIT Laboratory for Decisions and Information Systems and a Senior Energy Systems Engineer at Argonne National Laboratory. He has his education from the Norwegian University of Science and Technology and has also worked at SINTEF Energy Research in Trondheim, Norway.

He works on electricity markets, renewable energy, and how to best decarbonize our energy system.
