Fachdiskussion zum Thema

Softwarepaket „Atlantis“ (Simulation Model of the Continental European Electricity Economy), entwickelt am Institut für Elektrizitätswirtschaft und Energieinnovation

Prof. Hannes Weigt (Universität Basel, CH)

Dienstag, 5. Februar 2019, 14:00 Uhr
Bibliothek des Institutes IEAN, Inffeldgasse 18/1. Stock

Prof. Weigt is Associate Professor for Energy Economics at the Faculty of Business and Economics of the University of Basel. In addition, is the head of the Research Center for Sustainable Energy and Water Management (Forschungsstelle für Nachhaltige Energie- und Wasserversorgung) and Work Package Leader within the Competence Center for Research in Energy, Society and Transition.

His research interest lies in the model-based analysis of energy markets, in particular the future development of electricity markets and the interaction of environment, technology, economy and society.
