13th International Summer School on Advanced Studies of Polymer Electrolyte Fuel Cells (DRAFT SCHEDULE)

Date: Date: 6.-14. September 2021

Place: Place: Hybrid Event (online and face to face) parallel at:

TU Graz & Yokohama National University

Central European Summer Time	Japan Time	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday Sunday	Monday	Tuesday
Time		05.09.2021	06.09.2021	07.09.2021	08.09.2021	09.09.2021	10.09.2021	11./12.09.2021	13.09.2021	14.09.2021
08:30 09:45	15:30 16:45		Welcome - Introduction	Student Poster presentation	Fundamentals of electrode processes	Basics of the electrochemical measurements	Hydrogen		Fuel cell durability	Workshop
10:00 11:15	17:00 18:15		Principle and application of Fuel Cells	Student Poster presentation	Modelling of PEFC	Single cell PEFC testing: testing protocol	Hydrogen production by electrolysis		Modelling of Degradation	Workshop
11:30 12:45	18:30 19:45		Hydrogen society	Student Poster	Heat and mass transport	Kinetic parameters of the ORR	Thermochemical hydrogen production and purification		Fuel Cells	Workshop Closing
