

NXP Semiconductors is offering an
[Internship: Junior Strategy Analyst \(m/f/d\)](#)

In this interesting student position as Junior Strategy Analyst you will help manage NXP's M&A Funnel, organizing the global meeting cadence and owning the respective content preparation. You will have the opportunity contribute to hands-on operational and logistical as well as strategic levels.

The role reports directly to the VP Integration Management Office (IMO) and M&A Funnel Management, located in Gratkorn, Austria. The Junior Strategy Analyst must have the ability to work across several time zones and be able to support strategy and senior management discussions. This role provides an excellent springboard opportunity to develop business acumen and management skills through direct exposure to executive leaders at NXP and beyond.

This student position can be filled in **Gratkorn (Austria), Eindhoven (Netherlands), or Hamburg (Germany)**, depending on your preference.

Responsibilities:

- Work closely with NXP's Executive leaders to advance investment concepts and NXP's M&A strategy
- Support regular meetings with internal Business Lines (BLs), Product Lines (PLs) as well as Key Functions and external stakeholders
- Help ensure all possible inorganic growth opportunities are captured, new business partners, potential alliances and cooperation partners are identified
- Support stakeholder alignment across the organization and the development of a comprehensive portfolio of inorganic growth opportunities for NXP in its fast-paced, complex marketplace

Profile:

- Ongoing Master degree in finance, business administration, management/engineering or similar
- Work experience in the field of Finance, Strategy / Management Consulting or the broader Semiconductor industry would be highly appreciated
- Financial and business process acumen is expected
- Network to industry as well as good connections into the finance, incubator or start-up community are appreciated
- Strong written and verbal communication skills with the ability to interact at various management levels inside and outside of the organization
- Ability to synthesize data to draw conclusions and make recommendations
- Ability to understand NXP's strategic challenges and technological gaps to develop different strategic options
- Ability to assess different inorganic strategy methods to strengthen NXP's existing businesses or long-term innovations
- Track record of achievement, with sound thinking and judgment
- Highest level of integrity and discretion in managing confidential information
- Analytical, self-organized, and motivated working style
- Strategic but also creative thinking with a clear performance orientation and drive for results
- Availability around 20-25 hours/week

The minimum salary for this position is EUR 1.950- gross/month on a fulltime basis.

We are proud to have received the **Leading Employer Award 2020&2021**, which is presented exclusively only to the top 1% of employers in Austria.
