

Master Information and Computer Engineering

The graduates of the following bachelor's degree programs are potentially granted without admission procedure. Please note that depending on the program completed by a candidate, admission to certain Master studies is not possible and that in some cases additional courses ("Auflagen") may be prescribed either before the beginning of the regular studies or within the regular studies as a replacement for free and elective courses. The additional courses are defined by the Dean of Studies individually for each candidate.

1. University of Innsbruck:
 - Computer Science (Informatik)
 - Electrical Engineering (Elektrotechnik)
2. University of Klagenfurt
 - Applied Informatics (Angewandte Informatik)
 - Information and Communications Engineering: Branch Engineering (Informationstechnik: Zweig Ingenieurwiss.)
3. Johannes Kepler University Linz
 - Computer Science (Informatik)
 - Electronics and Information Technology (Elektronik und Informationstechnik)
4. University of Salzburg
 - Computer Science (Informatik)
5. Vienna University of Technology
 - Electronics and Information Technology (Elektronik und Informationstechnik)
 - Software & Information Engineering
 - Computer Engineering (Technische Informatik)
6. University of Vienna
 - Computer Science (Informatik)
7. University of Ljubljana
 - Computer and information science: Branch academic studies
 - Electrical Engineering (Elektrotechnik)
8. University of Zagreb
 - Electrical Engineering and Information Technology
9. University of Maribor
 - Informatics
 - Electrical Engineering,
 - Software Engineering
