IMAGINE!

THE CITY
AS A LIVING
BIOME

KLAUS K. LOENHART

Join visiting architect Klaus K. Loenhart as he shares his vision for one possible future of our urban agglomerations. It is plant-based, petroleum free, socially fair, and ecologically sound. Find out about Plant-Powered Systems Design and inspirations for a new kind of co-habitation with our planet Earth.

Klaus is the founder of terrain: integral designs, and Professor at IA&L Landlab TU Graz, Austria.
