

Dr. Tanja Kubes is a post-doc researcher in the department of Feminist STS/Gender in STEM and Planning at the Technical University of Berlin, Germany. She graduated in anthropology, sociology, and psychology at LMU Munich and received a Ph.D. in Sociology at the University of Vechta, Germany, for a study on car show hostesses (*Fieldwork on High Heels*, Bielefeld: Transcript 2018). Since 2013, she is lecturer for anthropology, sociology, and gender studies at the LMU Munich, University of Vechta, and TU Munich, pursuing an interdisciplinary teaching agenda with gender studies as a common denominator. Currently, she is doing a post doc research on “Living and Loving with Robots: Neo Materialist Perspectives on Sex Robots” at the Technical University of Berlin in the field of Feminist STS /Gender and STEM in Planning (funded by DiGiTal). Her research interests include feminist STS, new materialism, anthropology beyond the human, autoethnography, and gender studies.
