

# Webinar Chitin / Chitosan Series

Francisco Goycoolea

July

27

11 AM (CET)

Two talks in one hour

Celina Vila

**University of Leeds**

Chitosan-based nanomaterials for  
gene/drug delivery, and antibacterial control

**University of Santiago de Compostela**

Dually crosslinked chitosan nanoparticles  
block quorum sensing and target  
bacterial growth at specific cell densities

**JOIN via ZOOM**
