UNITE!
FOR ALL

Welcome to Unite!

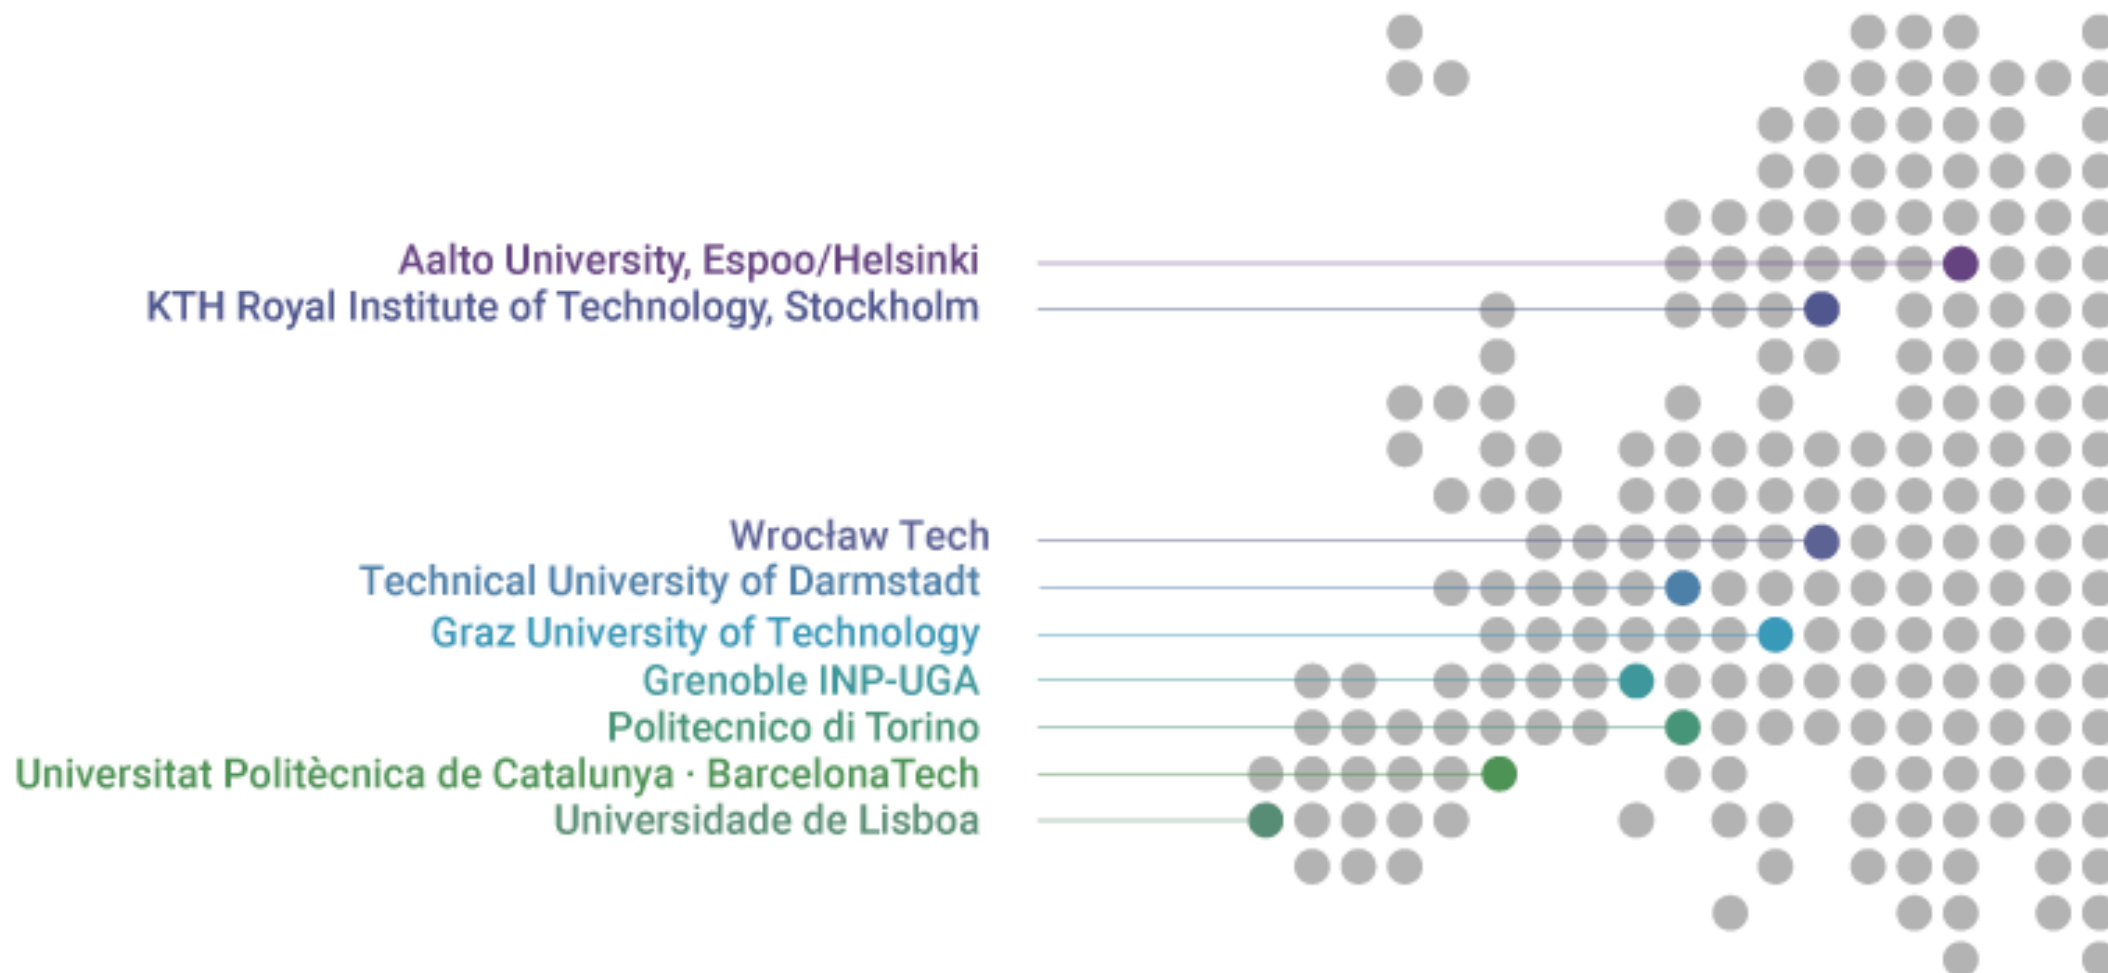

Anshika Suri

Unite! Deputy Secretary General

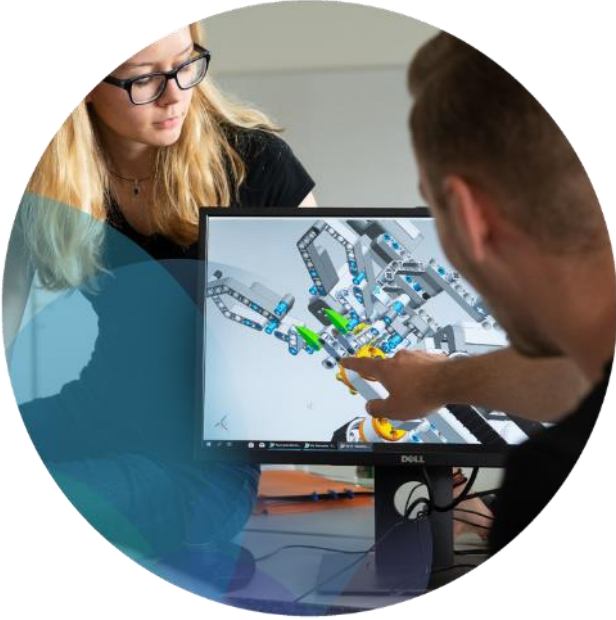

IX Unite! Dialogue
Graz University of Technology
27—29 February 2024

Our Alliance: What is Unite!

Unite!, a European University Alliance, a driving force for technology and innovation addressing the digital and green transition through transdisciplinary research and education

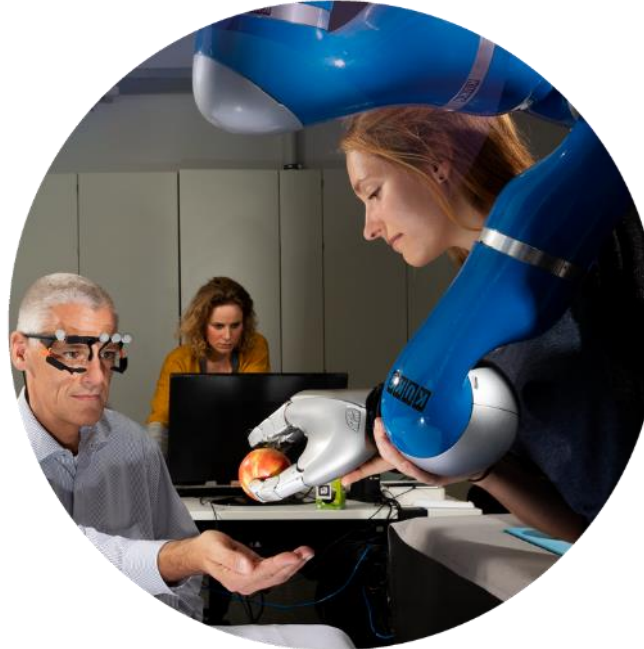

What does Unite! do?

Joint Teaching

- ✓ New formats of teaching
- ✓ Sharing resources & services

Joint Research

- ✓ Exchange with colleagues
- ✓ Enables new consortia
- ✓ Focus topics: Sustainable Energy, Industry 4.0, AI & Entrepreneurship

Student Activities

- ✓ A new way of studying
- ✓ European experience
- ✓ Interesting courses

Unite!: New Projects

Unite.WIDENING (2024-28): EU-funded Coordination and Support Action

- 9 Unite! universities + 4 partners from Portugal and Poland
- **Strengthen R&I in Unite!**

Unite.Energy (2024-27): Marie Skłodowska-Curie Action- MSCA EU project

- **Doctoral network**, 10 associated partners from the private sector
- **Optimise the use of hydrogen for storing excess electrical energy**

GreenChips-EDU (2024-26): Digital Europe Programme from EU

- 5 Unite! Partners
- **Digitally-Supported Education Ecosystem for Next Generation Microelectronics Experts in Sustainable Chips**
- **Applications for a Green & Circular Economy**

Unite! Seed fund initiative aims:

- Provide **financial support** to innovative, co-creative & **collaborative ideas across Unite! alliance**
- Support the formation of **new cooperations & further develop already active collaborations**—across **Unite! (at least 3 Unite! Partner universities)**
- Activate bottom-up collaborations with an aim towards **sustainable follow up activities**
- **3 funding measures: Teaching & Learning, Research & PhD, Student Activities**

Unite! invites you to join us!

Blended Intensive Programme

UNITE! TRAIN

01 SEPT.
- 07 SEPT.

Are you ready to embark on a
sustainable mobility and
multicultural adventure?

BARCELONA TO GRENoble '24

Co-funded by
the European Union

What is the U!Train ? An exciting Unite! course on green travel, set to depart on September 1st, 2024, until September 7th.

Thirty students will embark on a unique multicultural experience, **traveling by train from UPC Barcelona to Grenoble INP-UGA**, engaging in diverse non-academic activities, team-building exercises, and academic work.

The **Blended Intensive Program**, including virtual studies before or after the train, is worth **3 credits (ECTS)**. The themes of course are **Green Mobility** (daily mobility challenges, rail-based logistics, public transport economics...) and **Intercultural Competencies**...

HOW TO PARTICIPATE

Applications will be open from March 7th to April 7th, 2024, on the Unite! website.

Requirements:

- Enrollment in a Unite! university undergraduate or graduate programme.
- General interest in sustainable travel and interdisciplinary training.
- Proficiency in English and an interest in multicultural experiences.

IX Unite! Dialogue
Graz University of Technology
27—29 February 2024

To be unite, we need to feel well!

Why Wellbeing buddies?

Improve wellbeing through mutual help within the Unite! Community

Expand good practices on wellbeing by experiencing them.

How does it work?

Find offers from Unite! Colleagues who are experts in Wellbeing. They can offer you ideas, activities and support.

Users of this service are 'Uniter's': You can ask support for improving wellbeing before, during or after the Unite! Activities.

All information in the Agora platform. These offers will evolve, and we hope that the number of buddies will increase in the future. Maybe you can also become a buddy?

TEACHING

Unite! Guest Professorship Programme @TUDa

Jana Freihöfer
Key Liaison Officer TUDa

IX Unite! Dialogue
Graz University of Technology
27—29 February 2024

Aims & Objectives

- **Networking & exchange**
- **New teaching & research collaborations**

General conditions

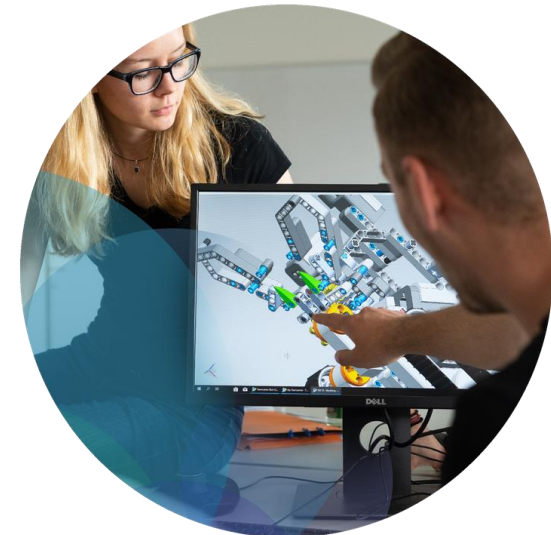

- Guest professors offer **supplementary (elective) courses** at TUDa - ideally with new topics!
- Open to **all subjects** represented at TUDa
- Up to **13 visiting professorships**

Requirements & target group

- **Experienced post-doctoral researchers** or **other advanced career phase** (senior lecturers, researchers, professors...)
- Affiliated to **Unite! partner universities**

Financing

- The costs fully covered by **TUDa** (for WS 2024/25 50% centrally, 50% from the faculties)
- For longer periods costs fully covered from faculties
- The monthly **gross income for visiting professors is € 6.630** plus approx. 20% employer's social security contributions.

Application procedure

- **Candidates reaching out to relevant Departments @TUDa:**
 - **Short expression of interest** incl. information about the added value of teaching at TUDa and for Unite!
 - **Academic CV**
 - **Doctoral certificate**
 - **Postdoc qualification** to teach at professorial level (if any)
- **Interested Departments @TUDa submitting the application:**
 - **Received application material**
 - **A proposal** in form of a **recommendation letter** (max. 1 – 1 ½ pages) at unite@tu-darmstadt.de

Timeline

- **WS 2024/2025** (from mid-Oct. to mid-Feb)
- The term is variable, **up to a max. 2 years**
- Application deadline **March 31st, 2024**
- The selection by **May 31st, 2024**

Freshmen Math Anxiety Evaluation

Gerhard Dorn & Michael Fuchs

Unite! Seed Fund, Funding Line: Teaching & Learning

IX Unite! Dialogue
Graz University of Technology
27—29 February 2024

Who?

- Graz University of Technology (Philipp, Gerhard, Michael)
- Universidade de Lisboa (Rogerio)
- Wrocław University of Science and Technology (Elżbieta, Adam)
- TBA  this could be you

How? **STEP 1**

Survey for Unite! students to assess their level of math anxiety

Distinguishing between

- learning math anxiety (LMA) and
- math evaluation anxiety (MEA)

GOAL: create a math anxiety map
and investigate **teaching actions** to reduce math anxiety

How? **STEP 2**

What are the math skills when entering university?

Project idea for  Unite!Seed developing project

GOAL: Let's **measure freshmen math skills** within Unite! network

How? **STEP 3**

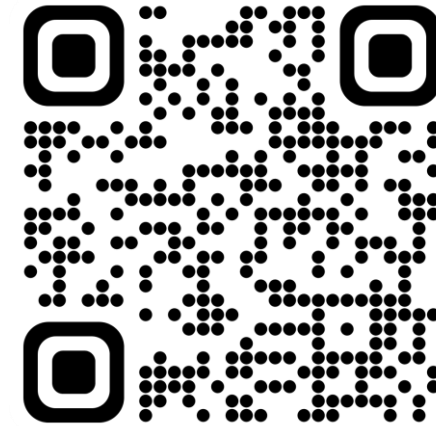

How do we teach math in Europe?

Project idea for  Unite!Seed developing project

GOAL: Let's **unite our math lecturers** and share the best ways to teach math in 21st century

Call to action:

Architectural Engineering Pilot

Module	Module Number	Credits	Effort	Self Study
<i>Building Technology</i>	AF2401	7.5 ECTS	200 Hrs	140 Hrs
<p>The overarching aim is to make buildings that contribute to a sustainable development by energy efficiency, moisture safety and a healthy indoor climate. The course contains assignments with problem-based application of technical solutions in building envelopes in different climates. This includes the design of a <u>building with certain focus on the climatic envelope</u>.</p>				
Lecturer	<i>Prof. Folke Björk</i> <i>Kjartan Gudmundsson (Ass. Prof)</i>			

Architectural Engineering Pilot

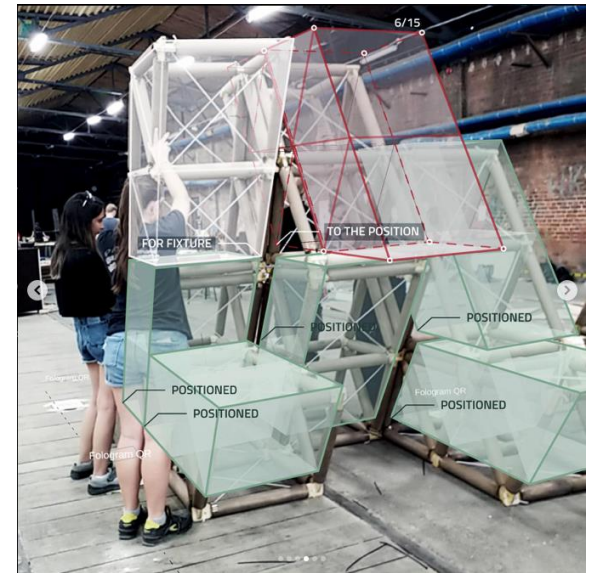

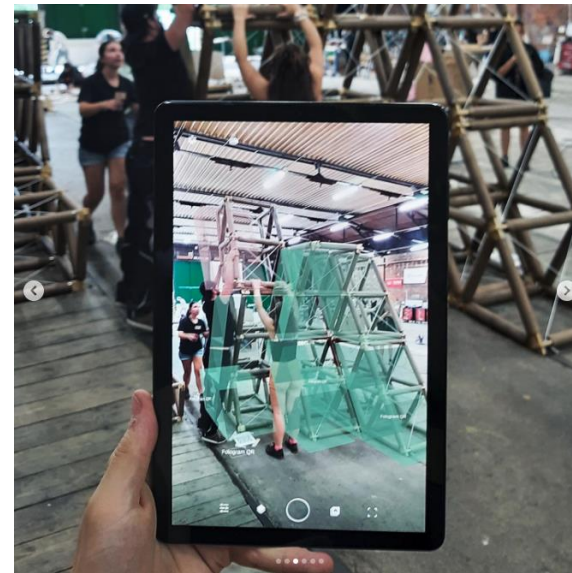

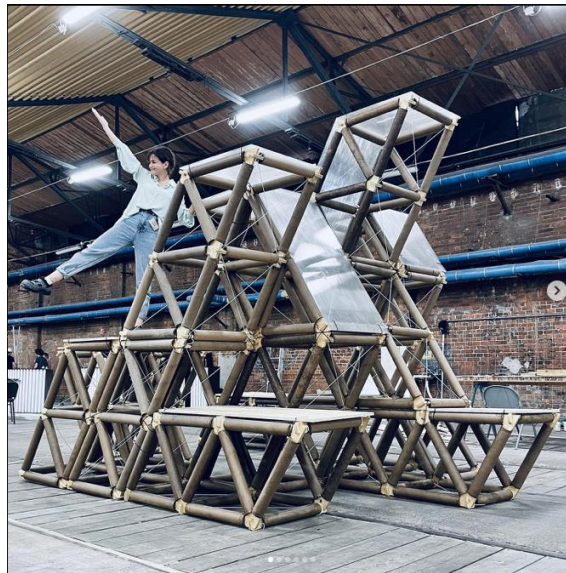

Module	Module Number	Credits	Effort	Self Study
<i>Smart Buildings</i>	AF2513	7.5 ECTS	200 Hrs	140 Hrs
Smart Buildings deals with smart digital tools and systems in the built environment that are rapidly enhancing our ability to monitor, analyze and control complex aspects of building performance, allowing us to pursue and achieve key sustainability goals in a more wholesome perspective.				
Lecturer	<i>Prof. Ivo Martinac</i> <i>Arianna Fonsati (Postdoc), Arlind Dervishaj (MSc), Kjartan Gudmundsson (Ass Prof.)</i>			

Architectural Engineering Pilot

Module	Module Number	Credits	Effort	Self Study
<i>Sustainable Buildings</i>	AF2507	7.5 ECTS	200 Hrs	141 Hrs
<p>This course deals in detail with the concepts, methodologies/tools and processes required for designing, building and operating sustainable buildings, and evaluating their resource-efficiency, as well as environmental and socio-economic performance in various stages of their operation and overall lifecycle. The sustainable performance of buildings is addressed in a holistic triple-bottom-line approach, based on environmental, economic and social/behavioural criteria.</p>				
Lecturer	<p>Prof. Ivo Martinac Arlind Dervishaj (Msc), Genku Kayo (ass. Prof), Ahmad Al-Najjar (Msc), Tove Malmqvist Stigell (Docent)</p>

Speech Language and AI

The Unite! Graduate School in Speech, Language, and AI Technologies

Overview

- Vision to create unique educational framework
- Combine Master and PhD education
 - Master Level Programs
 - Dual Level Programs
 - PhD Level Programs

Master Level Programs

- Current Degree Programs
 - Nearly 20 already established Master Programs
- Master Courses
 - Comprehensive subject coverage
- Joint Master Degree
 - Currently in development
 - Distinctive Master's program in speech, language and AI technologies

Dual Level Programs

- Bring Master and PhD students together
- Seasonal Schools
 - Planned summer school at KTH in August 2024

PhD Level Programs

- Currently over 120 PhD students
 - Current and completed PhD Theses
 - Open PhD positions

Industrial Affiliates Programs

- Scholarships
- Internships
- Collaboration Projects
- Sponsoring

Seed Fund Projects

- Crossroads of Speech and Language
 - Teaching
 - Research
- Convergence of three vibrant fields:
 - Speech
 - Language technologies
 - Artificial Intelligence
- Four major European language families
 - Romance, Germanic, Slavic and Finno-Ugrian

Who we are (Coordinators)

- Tom Bäckström (Aalto University)

Community 7 – Doctoral Education for Research & Innovation and Society

IX Unite! Dialogue
Graz University of Technology
27—29 February 2024

The Unite! Doctoral School (UDS) partners unite!

Unite! Doctoral School overall aim

Unite! Community 7 “Doctoral Education for Research & Innovation and Society” overall aim is the creation of the Unite! Doctoral School (UDS).

The UDS builds on a strategic alliance of the 9 Partner Universities based on **shared values, with a common vision.**

The Unite! Doctoral School (UDS) **brings together the expertise of the 9 Partner Universities in:**

- **Training** > common training offer & joint supervision
- **Research** > collaboration among scientists and thematic communities building a **trans-European Campus with the involvement of local stakeholders such as innovation ecosystem, enterprises and civil society.**
- **Infrastructures** > sharing research infrastructures and resources
- **Selection of PhD candidates** under common funding initiatives:
 - Fundação para a Ciência e Tecnologia (FCT) and Ulisboa
 - HORIZON-MSCA-2022- Doctoral Network Unite.Energy
 - HORIZON-WIDERA-2023 Unite.WIDENING

UDS PhD students

Community 7 has defined the **Unite! Doctoral School (UDS) teaching programme for the first PhD intake**.

The UDS programmes will benefit from a catalogue of **doctoral courses** selected among PhD courses offered locally by each Unite! partner.

A course catalogue has been defined, focusing on hard skills in Unite!'s areas of expertise, namely **Energy, AI, and Industry 4.0**, as well as including soft skills courses fulfilling the following criteria:

- ✓ available for the academic year of 2023-2024 (Spring or Autumn semester);
- ✓ English-taught;
- ✓ fully online;
- ✓ either hard skills or soft skills, but connected to the Unite! focus areas (Artificial Intelligence, Industry 4.0, Energy) and Entrepreneurship.

The catalogue will be progressively updated for the next academic year 2024/2025.

UDS Course Catalogue II

Partner institution	Title	Unite! focus area	Soft skills / Hard skills
Wroclaw Tech	Computational intelligence and its applications	Artificial Intelligence	Hard skills
Wroclaw Tech	Introduction to artificial intelligence	Artificial Intelligence	Hard skills
Wroclaw Tech	Transition to a sustainable energy future	Energy	Hard skills
Wroclaw Tech	Introduction to statistics and forecasting	Energy	Hard skills
Wroclaw Tech	Statistical methods of data analysis in industrial applications	Industry 4.0	Hard skills
ULisboa	Innovation and Entrepreneurship	Entrepreneurship	Soft skills
KTH	Energy Storage	Energy	Hard skills
KTH	Polygeneration introduction	Energy	Hard skills
KTH	Thermal management in battery energy storage systems	Energy	Hard skills
TU Da	Research, inventions, going to market, founding a startup – an interactive introduction	Entrepreneurship	Soft skills
TU Da	Electrochemistry for Energy Applications I	Energy	Hard skills
TU Da	Electrochemistry for Energy Applications II	Energy	Hard skills
PoliT0	Optimized execution of neural networks at the edge	Artificial Intelligence	Hard skills
PoliT0	Data mining concepts and algorithms	Artificial Intelligence	Hard skills
UPC	Statistics in PhD	All	Hard skills
UPC	Integrity in Research	All	Soft skills
UPC	Sustainability	All	Soft skills
UPC	Scientific publishing	All	Soft skills

UDS Course Catalogue III

Partner institution	Title	Unite! focus area	Soft skills / Hard skills
PoliTO	Modeling complex systems in engineering and management	Industry 4.0	Hard skills
PoliTO	Digital Societies & Law - AI	Industry 4.0	Hard skills
PoliTO	Entrepreneurship and start-up creation	Entrepreneurship	Soft skills
PoliTO	The new internet society: entering the black-box of digital innovations	Industry 4.0	Soft skills
PoliTO	Global energy trends and outlook	Energy	Hard skills
PoliTO	Experimental heat and mass transfer	Energy	Hard skills
PoliTO	Energy for future factories	Energy	Hard skills
PoliTO	Advanced solar energy technologies	Energy	Hard skills
PoliTO	Modeling complex systems in engineering and management	Industry 4.0	Hard skills
PoliTO	Digital Societies & Law - AI	Industry 4.0	Hard skills

List of common trainings to be offered to the entire Unite! community (open to all)

WUST:

- How to build your LinkedIn profile (online, in English)
- Public speakers club (online, in English)

POLITO:

- Entrepreneurial finance for PhD (online, in English)
- How to build a competitive CV (online, in English)

AALTO:

- Finland work (online, in English)
- Future work (online, in English)

TU GRAZ :

- Mental loading (online, in German / English maybe possible)
- Sleep well (online, in German)

TUDA:

- Trainings for young researchers and PhD (late Feb. 24)
- Intercomprehension course for Germanic languages (online, in German, free)

INP - UGA:

- Using and adapting serious games for pedagogical purpose (on site, in English) – Feb./March 24
- 2tons (online in English – 12 people max) spring 24

KTH:

- Intercultural & global competences (online, in English)

How to become a UDS PhD student? unite!

1) ULISBOA 2024 Call funded by the [Fundação para a Ciência e a Tecnologia](#) and the [University of Lisbon](#) (FCT), under the FCT-UNITE Protocol together with **Unite! will grant 15 scholarships** (coord. ULisboa).

1st Call opening in 2024: March 4th - May 3rd, 2024

2nd Call opening in 2024: November 1st - December 31st, 2024

The research work underlying the grants will be carried out at the University of Lisbon and at another Unite! partner university, promoting institutional cooperation.

PROCEDURE (ref. ULisboa)

Students submit a free project and propose a supervisor

The ULisboa call will be advertised through Unite! and partner Universities communication channels, when published

How to become a UDS PhD student?

unite!

Unite! Engineering Biology - *outline*

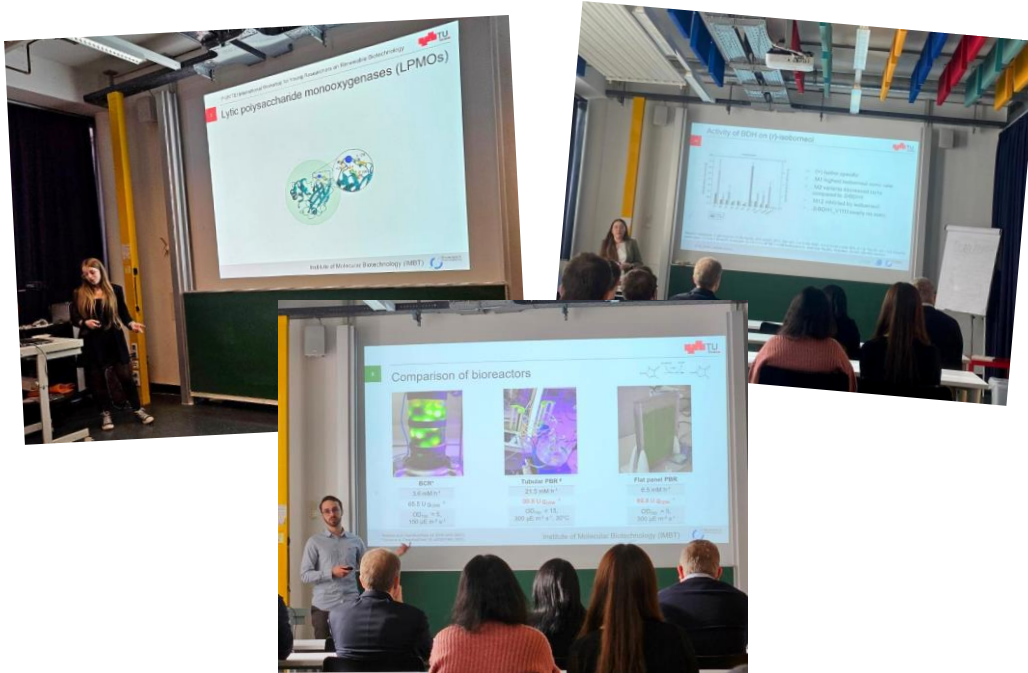

Engineering biology has great potential to become a transformative technology at the intersection of life sciences and engineering.

We have identified many activities within unite! partner institutions which will benefit from a **unite! focus topic** in this area

A Unite! topic to join research in the area of bioengineering

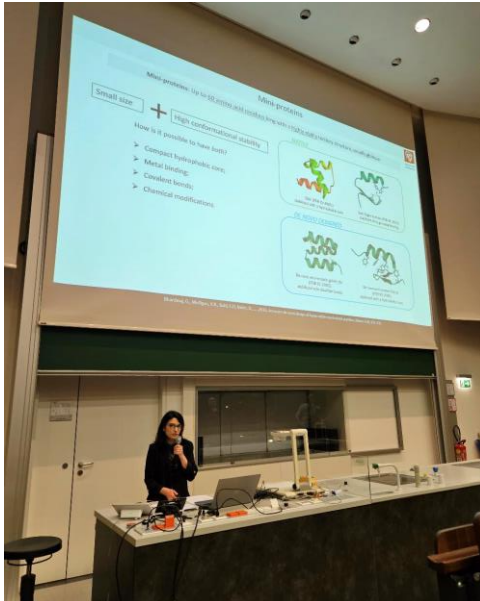

Unite! Young Researchers Workshop in Graz

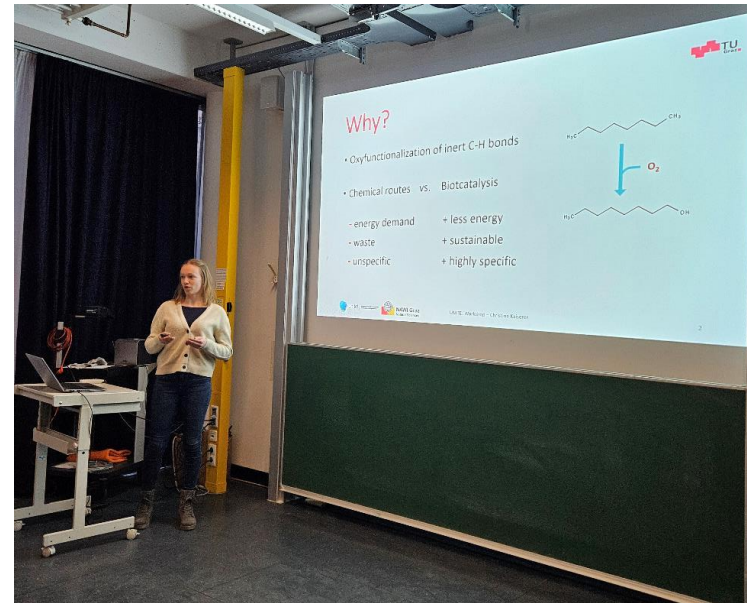

25 young researchers from 4 Unite! partners came in February 2024 to Graz

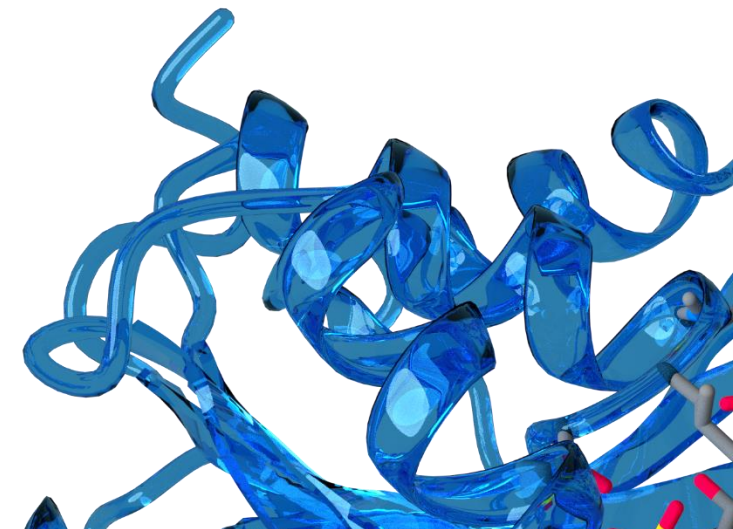

A platform for young researchers

Unite! PhD students
joined the DocDay of the
local PhD School

Participation of master
students: motivational
tracks towards PhD

Unite! Engineering Biology - *activities*

- February 2024 – 1st Unite Engineering Biology Workshop in Graz
 - 25 participants from Graz, Stockholm, Darmstadt, Wroclaw, 11 PhD students
 - attached to the DocDay of the PhD School Molecular Biosciences and Biotechnology
- June 2024 – Unite! Engineering Biology online **matchmaking** event
 - Open for all interested researchers of the Unite! partners
- June 2025 – 2nd Unite! Engineering Biology Workshop in Stockholm

Only in transportation GHG emissions increased

Annual GHG emissions in the EU from 1990 to 2021 by sector

Source: Statista, 2024

Make green innovations more attractive for stakeholders

Focusing on:

- New business models
- Adapted technology regulations
- Visionary organizational setups

Participate in our project

Project data:

- UNITE! Seed Fund in „Exploring“ category
- Funding period: 01.09.2023 - 31.12.2024

Current status:

- Submitted 3 papers to conferences
- Submitted pre-proposal for research project (Budget: € 1,5 Mio.)
- Research grant received (€ 5.000)

Next steps:

- Applying for Seed Fund category „Developing“
- Finding new partners from 4th UNITE! university:
 - Early career researchers
 - Assistant Professors
 - PostDocs
 - PhD students
