

Soft Skills for the Doctoral School Physics

Within the curricular part of the PhD studies you can attend up to two semester hours of soft skills. In the following you find a list of suggested soft skill courses (for some of them the course language might be German). For acceptance as soft skills you still need the acceptance of the Dean of Studies. The Dean of Studies may also accept other courses or courses from other universities. Please clarify whether your suggested course is suitable at the Dean's office.
