

COVID-19 Update: Introduction of Traffic Light System

Update 04.09.2020

On Friday, 04.09.2020, the COVID-19 traffic light system was introduced by the Austrian government. This tool should help to effectively deal with the COVID-19 situation.

Based on the epidemiological situation the traffic light colour will be determined and measures are set for areas of society and economy. Those measures can be valid for the whole state, federal states or regions. The traffic light will be evaluated on a weekly basis.

Currently the cities Graz, Vienna, Linz and the region Kufstein are "yellow". All the other regions currently have the colour green.

Due to the colour "yellow" further regulations for the City of Graz will be introduced on 11 September - most likely face masks have to be worn in more places.

More information about the Traffic Light System in Austria:

- General Information: <https://www.sozialministerium.at/Informationen-zum-Coronavirus/Coronavirus---Haeufig-gestellte-Fragen/FAQ--Corona-Ampel.html> (in German)
- Current traffic light: <https://corona-ampel.gv.at/>

Due to the colour "yellow" in the City of Graz some new rules of conduct apply for TU Graz as well, starting with 7 September 2020. Detailed information about the traffic light system at TU Graz and the regulations that apply can be found here: www.tugraz.at/icoe/coronavirus
