Co-funded by the Erasmus+ Programme of the European Union
Overview

Types of mobility programmes

- Student mobilities
- Summer programmes and academic courses
- Bachelor’s, Master’s and Doctoral thesis

Traineeships

Joint courses with international universities

Double Degree programmes

Table of contents

- CEEPUS- Central European Exchange Programme for University Studies
- Erasmus+ Student Mobility for Studies
- Erasmus+ Student Traineeships
- Erasmus+ International Credit Mobility
- OverSEAs Programme
- ISEP – International Student Exchange Program
- Montclair Scholarship, USA
- Research Abroad
- Subsidy for Traineeships
- Summer Programme in Chemistry
- Summer Programme at the City College of New York, USA
- Summer Programme at Wayne State University – College of Engineering, USA
- Summer Schools and Academic Courses Abroad
- Joint Courses with International Universities
- Marshall Plan Scholarship, USA
- Double Degree Programme Mechanical Engineering - Tongji University
- Double Degree Programme Architecture - Politecnico di Milano
- Double Degree Programme Computer Science - University of Ljubljana
- Freemover Programme
- International Conference Grant
- Be a Buddy for International Exchange Students
CEEPUS is a transnational, central European university network, consisting of various subject-specific networks. Member states: Albania, Austria, Bosnia-Herzegovina, Bulgaria, Croatia, Hungary, North Macedonia, Moldova, Montenegro, Poland, Rumania, Serbia, Slovak Republic, Slovenia, Czech Republic and the Kosovo: University of Prishtina, University Prizren, University Peja.

**Scholarship**
- Comprehensive grant scholarships covered by the host country
- Monthly mobility allowance covered by funds of the Austrian Federal Ministry of Education, Science and Research with respect to stays abroad exceeding 2 months
- Travel grants funded by the Austrian Federal Ministry of Education, Science and Research

**Mobility opportunities**
- Student: for undergraduates there is a minimum stay of 3 months to max. 10 months
- Student - Short term: 1-2 months to write a bachelor’s, master’s or PhD thesis
- Summer schools: 6-20 days, summer school organized by the host institution
- Student mobility - Short term excursion: 3-10 days, excursion organized by the home or host institution

**Application requirements**
- Successful completion of 2 semesters as a degree seeking student at an Austrian university or University of Applied Sciences
- Citizen of a CEEPUS country
- No nomination for a stay abroad as part of another mobility programme in the same time period
Application procedure for a CEEPUS Network Grant
Please follow the guidelines:

- [tu4u.tugraz.at/go/ceepus](https://tu4u.tugraz.at/go/ceepus)
- Get in touch with the network contact person

Application procedure as a CEEPUS Freemover
Please follow the guidelines:

- [tu4u.tugraz.at/go/ceepus](https://tu4u.tugraz.at/go/ceepus)
- Beyond existing networks
- Restricted availability: priority is given to network applications, therefore only spare months can be used for freemovers.
- Recognition, tuition and language issues have to be arranged by the student him/herself.

Application deadlines

- June 15, for the upcoming winter semester or entire year
- October 31, for the upcoming summer semester
- November 30, for freemovers (only in the summer semester)

Further information can be found here:

- [tu4u.tugraz.at/go/ceepus](https://tu4u.tugraz.at/go/ceepus)
- [www.ceepus.info](https://www.ceepus.info)
Erasmus+ is promoting mobility of students, academic and non-academic staff at higher education institutions. Members: EU-countries, Iceland, Liechtenstein, North Macedonia, Serbia, Norway and Turkey. Partner universities in the UK are listed under the OverSEAs Programme and are no longer associated with Erasmus+. Within the framework of the Erasmus+ programme, students have the opportunity to go abroad for up to 12 months during each study cycle (Bachelor, Master, PhD), both in order to study and/or to complete a traineeship.

Partner institutions
A comprehensive list can be found here:
• tu4u.tugraz.at/go/erasmus-partnerunis

Scholarship
• Tuition fee waiver at host institution
• Tuition fee waiver at TU Graz (student union fee has to be paid)
• Stipend: € 390 - € 490 per month (depending on the host country)
• Students with special needs or chronic illnesses and students with children can apply for a monthly Top-Up of € 250.
• Top-Up Green Mobility of € 50 for sustainable travel

Application requirements
• Enrolment as a degree seeking student at TU Graz or co-registered as part of a NAWI Graz study programme, the joint degree programme CSS or the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East
• Students of the study programme in Electrical Engineering and Audio Engineering can only apply, if TU Graz is the home university.
• Before the start of the mobility, students must have completed at least one
year of a first cycle study (completion of at least 60 ECTS credits in the field of study which is relevant for their exchange). Please note: 60 ECTS credits are the minimum requirement; depending on partner institutions and/or degree programmes, more credits may be required.

- Proof of required language skills
- Purpose of stay: Full-time study programme
- Recognition of courses at TU Graz is necessary.
- Duration of stay: min. 2 to max. 12 months
- No nomination for other exchange programmes for the same study period

**Application procedure**
Please follow the guidelines:
- tu4u.tugraz.at/go/erasmus-studienaufenthalte

**Application period for the upcoming academic year**
- January
- Application deadlines for remaining spots will be announced separately in spring and early summer.

Exact application deadlines and further information can be found here:
- tu4u.tugraz.at/go/erasmus-studienaufenthalte
Erasmus+ is promoting mobility of students, academic and non-academic staff at higher education institutions. Members: EU-countries, Iceland, Liechtenstein, North Macedonia, Norway, Serbia and Turkey. Within the framework of the Erasmus+ programme, students have the opportunity to go abroad for up to 12 months during each study cycle (Bachelor, Master, PhD), both in order to study and/or to complete a traineeship.

Eligible institutions/companies
Private and public companies/institutions (also higher education institutions) independent of size, legal form and business area

Excluded are:
- EU institutions and organisations
- organisations, which administer EU programmes
- members of the European Parliament
- private persons

Scholarship
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Stipend: € 540 - € 640 per month (depending on the host country)
- Students with special needs or chronic illnesses and students with children can apply for a monthly Top-Up of € 250.
- Top-Up Green Mobility of € 50 for sustainable travel

Application requirements
- Enrolment as a degree seeking student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply, if TU Graz is the home university.
- It is possible to complete a traineeship already in the 1st semester, however it is highly recommended not to do a traineeship prior to the 3rd semester.
- Proof of required language skills
- Completion of a full-time traineeship (30 - 40 hours/week)
- Duration of the traineeship: min. 2 to max. 12 months
- No nomination for other exchange programmes for the same time period
- The traineeship has to be a useful addition to the study programme or part of the bachelor’s, master’s or doctoral thesis.

**Application procedure**

Please follow the guidelines:

- tu4u.tugraz.at/go/erasmus-studierendenpraktika
- Students have to get in contact with companies/ institutions themselves. The International Office - Welcome Center is not responsible for finding adequate traineeships.

**Application deadlines**

- The application documents have to be submitted at least one month before starting the traineeship.

Further information can be found here:

- tu4u.tugraz.at/go/erasmus-studierendenpraktika
Erasmus+ International Credit Mobility promotes mobility of students at higher education partner institutions of TU Graz outside of Europe/the European Union.

Unfortunately, no spots are available during the academic year of 2023/24. When new spots become available, information will be provided on TU4U.

Previous partner institutions
- CANADA: University of Waterloo
- CHINA: Tongji University
- RUSSIA: Peter the Great St. Petersburg Polytechnic University
- USA: Washington State University

Scholarship
- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Stipend: max. € 700 per month
- Travel allowance: ranges from € 275 to max. € 1,500, depending on the host country

Application requirements
- Enrolment as a degree seeking student at TU Graz or co-registered as part of a NAWI Graz study programme or the joint degree programme CSS; students of the study programme in Electrical Engineering and Audio Engineering or the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- At the time of the nomination students have to be in their 3rd semester (completion of at least 60 ECTS credits) in the field of study which is relevant for their exchange. Please note: 60 ECTS credits are the minimum requirement; depending on partner institutions and/or degree programmes, more credits may be required.
Proof of required language skills
Purpose of stay: full-time study programme
Recognition of courses at TU Graz is necessary.
Duration of stay: 1 semester (min. 3 months, max. 5 months)
No nomination for other exchange programmes for the same study period

Further information can be found here:
- tu4u.tugraz.at/go/erasmus-international-credit-mobility
- https://bildung.erasmusplus.at/de/hochschulbildung/internationale-mobilitaet/
OverSEAs is an exchange programme based on bilateral agreements with partner universities primarily outside of Europe. The duration of the exchange can be one or two semesters.

**Partner universities**

**BRAZIL**
- Mackenzie Presbyterian University

**CANADA**
- University of Calgary
- McMaster University
- University of Waterloo

**CHILE**
- Universidad Técnica Federico Santa María

**CHINA**
- The Chinese University of Hong Kong
- Tongji University

**JAPAN**
- The University of Tokyo

**MALAYSIA**
- Universiti Teknologi Petronas

**MEXICO**
- Tecnológico de Monterrey (ITESM)

**RUSSIA**
- all activities in Russia, including student exchange are suspended until further notice

**SINGAPORE**
- Nanyang Technological University

**SOUTH KOREA**
- Inha University
- Pohang University of Science and Technology
- Seoul National University

**TAIWAN**
- National Yang Ming Chiao Tung University
- National Chung Hsing University
- National Taipei University of Technology
- National Taiwan University of Science and Technology

**UK**
- University of Strathclyde
- Loughborough University
- University of Edinburgh

**USA**
- University of Houston, Gerald D. Hines College of Architecture
- University of Kansas
- Washington State University
- Western Carolina University
Scholarship
- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Monthly stipend from TU Graz (depending on the country)
- Travel allowance from TU Graz (currently maximum € 500)

Application requirements
- Enrolment as a degree seeking student at TU Graz or co-registered as part of a NAWI Graz study programme or the joint degree programme CSS
- Students of the study programme in Electrical Engineering and Audio Engineering or the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply, if TU Graz is the home university.
- Good grades and completion of at least 60 ECTS credits by the application deadline; depending on partner institutions and/or degree programmes more credits may be required.
- Proof of English skills (min. level B2); if a student is applying to universities where the language of instruction is not English, knowledge of the national language (e.g. Spanish, Portuguese) is required.
- Allowance to study abroad with the OverSEAs Programme once during each study cycle (Bachelor, Master)
- No nomination for a stay abroad as part of another mobility programme in the same time period

Application procedure
Please follow the guidelines:
- tu4u.tugraz.at/go/overseas

Application period for the upcoming academic year
- November
- Application deadline for remaining spots will be announced separately.

Exact application deadlines and further information can be found here:
- tu4u.tugraz.at/go/overseas
The International Student Exchange Program (ISEP) is the biggest international network for student exchange, consisting of more than 350 partner universities in countries all over the world (for European universities, please see Erasmus+ programme). The exchange programme is administrated by the ISEP Global Office in Arlington (VA), USA.

**Scholarship**

Required payment of programme fee of € 2,500 at TU Graz

Included benefits:
- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Accommodation covered by the host institution
- Monthly stipend from the host institution (meal stipend)

**Application requirements**

- Enrolment as a degree seeking student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Completion of at least 60 ECTS credits in the field of study which is relevant for their exchange at application deadline
- Good grades
- The majority of ISEP partner universities require a TOEFL or IELTS exam with excellent results; if a student is applying to universities where the language of instruction is not English, comprehensive knowledge of the national language (e.g. Spanish) is required.
- Students are allowed to study abroad with ISEP only once.
- Duration: 1 semester
- No nomination for a stay abroad as part of another mobility programme in the same time period
Application procedure for ISEP Exchange
Please follow the guidelines:

▶ tu4u.tugraz.at/go/isep
  ▶ Upon nomination by TU Graz, the list of desired universities will be sent to the ISEP Global Office. ISEP will place the student according to the student’s qualifications and availability of places at the desired universities.

Application period for the upcoming academic year

▶ October

ISEP Direct
ISEP Direct is a further possibility to study at an ISEP member university without any application process. Students must pay all their expenses and university fees by themselves but are encouraged to apply for the TU Graz freemover programme in order to get coverage for some of the expenses.

Partner universities

▶ www.isepstudyabroad.org

Exact application deadlines and further information can be found here:

▶ tu4u.tugraz.at/go/isep
Within the framework of the town twinning agreement (*Städtepartnerschaft*) between the cities Graz and Montclair (New Jersey, USA) two students have the opportunity to study abroad for a period of one year. The cities Graz and Montclair have been twin cities for a long time and the student exchange programme is at the core of the town twinning agreement. The city of Graz sends students as ambassadors representing the city of Graz in Montclair. Nominated students have to enrol for a full load of 12 semester hours at the host university (Montclair State University).

**Scholarship**
- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Student housing and meal cards covered by the twin cities
- Travel allowance

**Application requirements**
- Enrolment as a degree seeking student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply, if TU Graz is the home university.
- Students may apply from their 1st semester on.
- Applications by citizens of Graz are preferred.
- Duration of stay: 1 academic year (no semester placements available)
- No nomination for a stay abroad as part of another mobility programme in the same time period
Application procedure
Please follow the guidelines:
▶ tu4u.tugraz.at/go/montclair
▪ The best applicants of Graz University of Technology, the University of Graz and the University of Music and Performing Arts will be invited to a hearing by the Office of International Relations of the City of Graz.

Application period for the upcoming academic year
▪ Mid October - mid-November

Exact application deadlines and further information can be found here:
▶ tu4u.tugraz.at/go/montclair
Students who are currently writing their bachelor’s, master’s or PhD thesis can apply for a scholarship for academic research at a university, research institute or company worldwide.

- Students can receive funding for
  a) Bachelor’s thesis: 2 weeks up to 3 months
  b) Master’s thesis: 2 weeks up to 6 months
  c) PhD thesis: 2 weeks up to 10 months
- Multiple applications are possible.

Students planning a stay in Europe (except Switzerland and Great Britain) for at least 2 months, can apply for the Erasmus+ student traineeships. Students planning a stay shorter than 2 months or outside of Europe (or in Switzerland and Great Britain), may apply for the Research Abroad Scholarship.

**Scholarship**

- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Stipend from TU Graz
- Travel allowance from TU Graz

**Application requirements**

- Enrolment as a degree seeking student at TU Graz for at least 1 year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Successful completion of 120 ECTS credits in the relevant bachelor’s degree programme (no proof of ECTS credits required for master’s and PhD degree programmes)
Applications must be completed at least one month prior to the actual stay abroad; applications after the start or completion of a research stay are not permitted.

No nomination for a stay abroad as part of another mobility programme in the same time period

**Application procedure**

Please follow the guidelines:

- tu4u.tugraz.at/go/research-abroad

**Application deadlines**

- Continuous application possible
- The complete application has to be uploaded in the application database at least 1 month before starting the stay abroad.
Students at TU Graz have the opportunity to receive a grant payment for a traineeship abroad. The traineeship must be relevant for their studies and provide them with practical training. Students can apply for the grant once during each study cycle (Bachelor, Master, PhD) from the first semester on.

**Eligible institutions/ companies for receiving a trainee**
Private and public companies/ institutions (also higher education institutions) independent of size, legal form and business area

Students who are planning a traineeship of at least 2 months in an EU/EEA country, Serbia, North Macedonia or Turkey can apply for an Erasmus+ traineeship. Students are not allowed to apply for both grants for the same time period.

**Scholarship**
- Traineeships in Europe and Turkey: one time grant € 200
- Traineeships outside of Europe: one time grant € 300
- No travel allowance is granted.

**Application requirements**
- Enrolment as a degree seeking student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Proof of sufficient language skills
- Traineeships can only be completed abroad (not in Austria).
- Duration of the traineeship: at least 1 month
- Amount of working hours during the traineeship: 30-40 hours/week
- Recognition of the traineeship at TU Graz as a relevant supplement to the degree course (no ECTS-credits required)
- No nomination for a stay abroad as part of another mobility programme in the same time period
- Applications must be completed at least one month prior to the actual stay abroad; applications after the start or completion of a traineeship are not permitted.

Application procedure
Please follow the guidelines:
- tu4u.tugraz.at/go/praktikumszuschuss
- Students have to get in contact with the companies/ institutions themselves. The International Office - Welcome Center is not responsible for finding adequate traineeships.

Application deadlines
- Continuous application possible
- The complete application has to be uploaded in the application database at least 1 month before starting the stay abroad.
The summer school in Technical Chemistry for laboratory tutorials is offered at the Univerzitet u Novom Sadu (Serbia). The summer school lasts 6 weeks and takes place between July and August. Credits earned during the summer program have to be recognized for the studies at TU Graz.

**Partner university**
- UNIVERZITET U NOVOM SADU (Serbia)
  - www.uns.ac.rs

**Scholarship**
- Stipend
- Travel allowance

**Application requirements**
- Enrolment as a degree seeking student at TU Graz or students co-registered in a NAWI Graz study programme in the following study programmes:
  - Chemistry (undergraduate)
  - NAWI Graz Master’s Programmes (requirement BSc in Chemistry)
    - Chemistry
    - Technical Chemistry
    - Biochemistry and Molecular Biomedical Sciences
    - Biotechnology
    - Chemical and Pharmaceutical Engineering
- No nomination for a stay abroad as part of another mobility programme in the same time period
Application procedure
Please follow the guidelines:
- tu4u.tugraz.at/go/sommerprogramm-chemie
- The students will be selected by Prof. Frank Uhlig.

Application deadline
This information will be announced at the end of the winter semester

Further information can be found here:
- tu4u.tugraz.at/go/sommerprogramm-chemie
Two-week intensive seminar course at the City College of New York (CCNY) in New York City with the topic “Science and Society in the Future”. Since it is an interdisciplinary seminar, the application is open to students of all study programmes at TU Graz.

Course participants will explore the future role of Science and Technology through a series of readings, lectures and discussions. Students will explore areas of:

- Biomedical Science and Engineering
- Structural Biology, New Materials and Nanotechnology
- Energy, Sustainability, Ecology and Environmental Issues
- Engineering in the Urban Environment
- Entrepreneurship and Innovation
- Data and Computational Science
- Critical Infrastructure
- Cybersecurity and National Security

**Scholarship**

- Tuition fee, accommodation and transportation in New York are covered by the City College of New York.
- Travel allowance from TU Graz

**Application requirements**

- Enrolment as a degree seeking student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
Students must have completed 120 ECTS credits at the time of the application irrespective of study level.

No nomination for a stay abroad as part of another mobility programme in the same time period

**Application procedure**

Please follow the guidelines:

- tu4u.tugraz.at/go/sommerprogramm-city-college-of-new-york

**Application deadline**

This information will be announced at the end of the winter semester.

Further information can be found here:

- tu4u.tugraz.at/go/sommerprogramm-city-college-of-new-york
Welcome to the International House of TU Graz – the ideal place to spend some time networking and enjoying international flair.

The house is a meeting place for our students and employees from all over the world as well as for all those at TU Graz who are interested in getting in touch with internationals.

The International House is also the home of the International Office – Welcome Center and many other rooms where international events and meetings take place. Moreover, these rooms invite you to hang out and network with the national and international community of TU Graz.

**Location**
International House
Lesssingstrasse 32
8010 Graz

**Opening hours**
Mon - Fri from 8am - 5pm

**Consultation sessions**
- by appointment in advance with your exchange coordinator
- or during the Study Abroad Drop-In Advising Session on Tuesdays (2-4pm)

**Rooms and offer**
Come together! On three floors, the International House offers numerous opportunities to network (internationally) and to study and work together.

During opening hours (8am - 5pm), the International Lounge, Kitchen and Garden are open to everyone to take breaks and spend their free time together. Additional rooms, such as the International Study & Work Zone, can be booked for study groups and co-working sessions.
Plenty of possibilities to hang out, network and study together at the International House:

- **International Lounge**
- **International Kitchen**
- **International Garden**
- **International Study & Work Zone**
Summer Programme at Wayne State University – College of Engineering, USA

Each year the College of Engineering at Wayne State University offers a six-week summer programme. Up to five TU Graz students can participate in this programme. Eligible study projects for application will be announced on our webpage in advance.

Students are required to familiarize themselves with the projects and apply for a particular project. A list of projects will be published well in advance.

Scholarship
- Stipend
- Travel allowance

Application requirements
- Enrolment as a degree seeking student at TU Graz; students who are registered for a NAWI Graz study programme, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply, if TU Graz is the home university.
- Completion of min. 60 ECTS credits for the Bachelor’s degree programmes at the time of the application, no proof of ECTS credits required for Master’s degree programmes
- No nomination for a stay abroad as part of another mobility programme in the same time period
Application procedure
Please follow the guidelines:
- tu4u.tugraz.at/go/sommerprogramm-wayne-state-university
- The students will be selected by the Vice Rector for Academic Affairs.

Application deadline
This information will be announced in the end of the winter semester

Further information can be found here:
- tu4u.tugraz.at/go/sommerprogramm-wayne-state-university
Students can receive funding for attending summer schools and specialist courses.

- Multiple applications are possible; students may receive funding for up to six months in total, but for a minimum of five days and a maximum of four weeks per summer school or course.
- The scholarship cannot be used for the participation in language courses, conferences and meetings.

**Scholarship**

- Monthly stipend
- Travel allowance
- Course fee allowance: students are refunded 2/3 of the course costs; up to a maximum of € 1,000

**Application requirements**

- Enrolment as a degree seeking student at TU Graz for at least one year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Completion of at least 30 ECTS credits in the bachelor’s degree programme relevant for the stay abroad, no proof of ECTS credits required for master’s and PhD degree programmes
- No nomination for a stay abroad as part of another mobility programme in the same time period
- Applications must be completed at least one month prior to the actual stay abroad; applications after the start or completion of a summer school or academic course abroad are not permitted.
Application procedure
Please follow the guidelines:
▷ tu4u.tugraz.at/go/summer-schools-and-academic-courses-abroad

Application deadlines
- Continuous application possible
- The complete application has to be uploaded in the application database at least 1 month before starting the stay abroad.
Joint Courses with International Universities

This programme offers financial support if a part of the course at TU Graz is officially held in cooperation with an international university and together with students from this university. This usually concerns blocked courses, in which one block takes place abroad.

Scholarship
- Stipend
- Travel allowance

Application requirements
- The course has to be held in cooperation with an international university; the course can be held in a block modul during the stay abroad.
- A funding is only possible for international universities from outside the German-speaking regions. Exception: stay at a strategic partner university or at a UniteI partner university in the German-speaking region.
- The stay abroad must be part of a course at TU Graz and also part of a course at the host institution.
- Students from both universities have to work together, doing projects and achieve predefined goals.
- Students have to be enrolled at TU Graz (main university); students studying any NAWI-programmes, the joint degree programme CSS or Electrical Engineering and Audio Engineering can only apply if TU Graz is their main university.
Application procedure
The course lecturer has to apply for the students’ funding at the International Office - Welcome Center. Students can inform the lecturer about the funding opportunity or inform the International Office about an eligible course. Then the International Office can get in contact with the lecturer and give more information about the funding opportunity.

Please follow the guidelines:
▶ https://tu4u.tugraz.at/go/joint-courses

Application deadline
- At least 1.5 months before starting the stay abroad
Marshall Plan Scholarship, USA

The Marshall Plan Program is funded by the Austrian Marshall Plan Foundation. It is the Foundation’s goal to see more Austrians and Americans participate in exchange programmes, thereby increasing mutual understanding of the host countries. The programme focuses primarily on research in technical sciences and applicants need to be working on their thesis. Applicants will be asked to hand in a research paper or documentary report of their research work as part of their application package. The minimum duration of stay is three months.

Scholarship
- between € 4,000 and € 10,000

Application requirements
- Enrolment as a degree seeking student at TU Graz for at least one year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Main place of residence in Austria
- Academic supervisor of master’s or PhD thesis at TU Graz
- Outstanding record of achievement
- Excellent English language skills
- No nomination for a stay abroad as part of another mobility programme in the same time period

© Aaron Burden – unsplash.com
Application procedure
Please follow the guidelines:

- tu4u.tugraz.at/go/marshall-plan-scholarship
- Students have to get in contact with the host institutions themselves. The International Office - Welcome Center is not responsible for finding adequate placements.

Application deadlines

- October 10: deadline for stays abroad for the upcoming year
- in April: deadline for remaining spots

Note that due to a certain lead time, the earliest starting date for stays abroad is usually four months after the application deadline.

Further information can be found here:

- tu4u.tugraz.at/go/marshall-plan-scholarship
Double Degree Programme
Mechanical Engineering -
Tongji University, China

Students of the Master’s programme in Mechanical Engineering at TU Graz can obtain a Double Degree from TU Graz and Tongji University in Shanghai, China. The overall duration of studies in China is 3 semesters, plus the required courses at TU Graz.

Scholarship
- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Monthly stipend
- Travel allowance

Application requirements
- Enrolment in the Master’s Degree Programme Mechanical Engineering at TU Graz at the latest by March 31, 2023
- Main place of residence in Austria
- Good grades
- English test: TOEFL iBT (min. 87) or IELTS (min. 6.5), Cambridge Proficiency English CPE or Cambridge Advanced English CAE (min. 180, level C or higher); important: no other English test will be accepted and the scores must be presented together with the application documents.

Application procedure
Please follow the guidelines:
- tu4u.tugraz.at/go.double-degree-programme-Tongji
- Interviews by the academic coordinator, Prof. Mario Hirz
Application period for the upcoming academic year

- Early December - Mid-January

For questions regarding the content and classes please contact the academic coordinator Assoc.Prof. Dipl.-Ing. Dr.techn. Mario Hirz.
(mario.hirz@tugraz.at).

Exact application deadline and further information can be found here:

> tu4u.tugraz.at/goouble-degree-programme-tongji
Double Degree Programme
Architecture -
Politecnico di Milano, Italy

Students of the Master’s programme in Architecture at TU Graz can obtain a Double Degree from TU Graz and Polytechnic University of Milan, Italy. The overall duration of studies in Italy is 2 semesters, plus the required courses at TU Graz.

For participants of this programme, contrary to the normal master curriculum, the following applies:
- The degree programme comprises 150 ECTS credits.
- The Master’s thesis is written in English and mentored by two supervisors: one at TU Graz and one at Polytechnic University of Milan.

Scholarship
- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Monthly stipend
- Travel allowance

Application requirements
- Enrolment in the Master’s Degree Programme Architecture at TU Graz at the latest by March 31, 2023
- Main place of residence in Austria
- Good grades
- Proof of excellent knowledge of English (e.g. Oxford Online Placement Test)
- No nomination for other exchange programmes for the same study period
Application procedure
Please follow the guidelines:

- [tu4u.tugraz.at/go/double-degree-programme-Milano](tu4u.tugraz.at/go/double-degree-programme-Milano)
- Interviews conducted by the academic coordinator, Assoc.Prof. Mag.art. Dr.phil. Daniel Gethmann

Application period for the upcoming academic year

- Early December - Mid-January

For questions regarding the content and classes please contact the academic coordinator Assoc.Prof. Mag.art. Dr.phil. Daniel Gethmann (daniel.gethmann@tugraz.at).

Exact application deadline and further information can be found here:

Freemover Programme

TU Graz offers students the possibility of financial support for self-organised study visits. If TU Graz does not have any cooperation agreements with suitable universities or if all places on relevant mobility programmes are taken, students can also go abroad as a freemover and take courses towards their degree programme at TU Graz. Students take care of the organisation of their stay abroad on their own. There are no restrictions regarding the choice of host university and destination country.

After the acceptance from the host university, you can apply for financial support within the framework of the Freemover Programme at the International Office-Welcome Center of TU Graz. The prerequisite for receiving the scholarship is the achievement of a minimum academic performance of 3 ECTS credits during the stay abroad which must be recognized towards the degree programme at TU Graz after completing the Freemover Programme.

The duration of the stay at the host university can range from 5 weeks up to 1 academic year.

Scholarship

- Monthly stipend (the amount depends on the host country)
- Travel allowance

Application requirements

- Enrolment as a degree seeking student at TU Graz for at least one year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Successful completion of at least 60 ECTS credits in the field of study relevant to the stay abroad
- No nomination for a stay abroad within the framework of another mobility programme of TU Graz in the same time period
- You can apply for the Freemover Programme once per study period (Bachelor/Master): max. one Freemover stay in the Bachelor and one Freemover stay in the Master.
- Approved pre-notification: As a minimum academic performance for the Freemover Programme, 3 ECTS credits per month need to be recognised at TU Graz

**Application procedure**
Please follow the guidelines:
- tu4u.tugraz.at/go/freemover

**Application period**
- Continuous application possible
- The complete application has to be uploaded in the application database at least 1 month before starting the stay abroad.
International Conference Grant

The International Conference Grant enables you to receive financial support for active conference participation abroad that is related to your field of study. Duration to receive funding is min. 3 days, max. 7 days.

Scholarship
- Day exact scholarship for the time abroad
- Travel allowance
- 2/3 of the participation fee (max. 600 EUR)

Application requirements
- Admission as a degree student at TU Graz (main university needs to be TU Graz; PhD students who are employed by TU Graz are excluded from the programme)
- Successful completion of at least 30 ECTS credits (at bachelor level) in the field of study relevant to the stay abroad
- Duration of the conference needs to be at least 3 days.
- The conference must be located outside of Austria.
- Active participation in the conference
Application period

- Continuous application possible
- The complete application has to be uploaded in the application database at least 1 month before the conference start

Please follow the guidelines:
- tu4u.tugraz.at/go/international-conference-grant

Get inspired - venture abroad!
Students talk about studying abroad

Ich kann euch Oulu voll und ganz empfehlen, die Kombination aus Natur und innovativer Technologie-Hochburg im hohen Norden hat mich fasziniert. Zudem werdet ihr viele neue Freunde aus aller Welt kennenlernen, viel reisen und Projekte mit Menschen aus unterschiedlichen Nationen absolvieren. Outgoing-Student, Erasmus+, 2017/18, University of Oulu

Russland ist einfach eine unglaubliche Erfahrung. Es ist einfach so etwas komplett anderes als hier in Österreich. Das muss man einfach erlebt haben, wenn man die Chance dazu hat! Jeder mit dem ich zu tun gehabt habe, wollte gar nicht mehr zurückkommen. Outgoing-Student, OverSEAs, 2017/18, Peter the Great St. Petersburg Polytechnic University

All in all it was really an amazing experience, I met wonderful people, I made great friends and I learned a lot in just one semester. In my opinion they deserve of their high ranking. At times it was very hard but I don’t regret choosing TU Delft. I would say if your priority is travelling and partying then TU Delft is probably not for you. But if you want to improve your knowledge and skills, be motivated by quite ambitious colleagues, then Delft is the perfect choice for you. Outgoing-Studentin, Erasmus+, 2018/19, TU Delft

*Outgoing-Student, ISEP, 2017/18, Montana State University*

Unbedingt diese Chance nutzen, eine meiner schönsten Zeiten überhaupt!!!!

*Outgoing-Studentin, Erasmus+, 2017/18, Chalmers University of Technology*

*Outgoing-Studentin, OverSEAs, 2018/19, University of Waterloo*
