CEEPUS – Central European Exchange Programme for University Studies

CEEPUS is a transnational, central European university network, consisting of various subject-specific networks. Member states: Albania, Austria, Bosnia-Herzegovina, Bulgaria, Croatia, Hungary, North Macedonia, Moldova, Montenegro, Poland, Rumania, Serbia, Slovak Republic, Slovenia, Czech Republic and the Kosovo: University of Prishtina, University Prizren, University Peja.

Scholarship

- Comprehensive grant scholarships covered by the host country
- Monthly mobility allowance covered by funds of the Austrian Federal Ministry of Education, Science and Research with respect to stays abroad exceeding 2 months
- Travel grants funded by the Austrian Federal Ministry of Education, Science and Research

Mobility opportunities

- Student: for undergraduates there is a minimum stay of 3 months to max. 10 months
- Student - Short term: 1-2 months to write a bachelor's, master's or doctorate thesis
- Summer schools: 6-20 days, summer school organized by the host institution
- Student mobility - Short term excursion: 3-10 days, excursion organized by the home or host institution

Application requirements

- Successful completion of 2 semesters as a degree student at an Austrian university or University of Applied Sciences
- Citizen of a CEEPUS country
- No nomination for a stay abroad as part of another mobility programme in the same time period

MORE INFORMATION
tu4u.tugraz.at/go/ceepus

Application procedure for a CEEPUS Network Grant

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/ceepus
- Get in touch with the network contact person

Application procedure as a CEEPUS Freemover

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/ceepus
- Beyond existing networks
- Restricted availability: priority is given to network applications, therefore only spare months can be used for freemovers.
- Recognition, tuition and language issues have to be arranged by the student him/herself.

Application deadlines

- June 15, for the upcoming winter semester or entire year
- October 31, for the upcoming summer semester
- November 30, for freemovers (freemovers can only apply for the summer semester)

Further information can be found here:

Erasmus+ Student Mobility for Studies

Erasmus+ enables mobility of students at higher education institutions. Members: EU-countries, Iceland, Liechtenstein, North Macedonia, Serbia, Norway and Turkey. Partner universities in the UK are listed under the OverSEAs Programme and are no longer associated with Erasmus+. Within the framework of the Erasmus+ programme, students have the opportunity to go abroad for up to 12 months during each study cycle (Bachelor, Master, Doctorate), both in order to study and/or to complete a traineeship.

Partner institutions

A comprehensive list can be found here:

- ▶ tu4u.tugraz.at/go/erasmus-partnerunis

Scholarship

- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Stipend: approx. € 420 - € 520 per month (depending on the host country)
- Students with special needs or chronic illnesses and students with children can apply for a monthly Top-Up of € 250
- Top-Up Green Mobility of € 50 for sustainable travel

Application requirements

- Enrolment as a degree student at TU Graz or co-registered as part of a NAWI Graz study programme, the joint degree programme CSS or the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East
- Students of the study programme in Electrical Engineering and Audio Engineering can only apply if TU Graz is the home university.
- Before the start of the mobility, students must have completed at least one year of a first cycle study (completion of at least 60 ECTS credits in the

MORE INFORMATION

tu4u.tugraz.at/go/erasmus-studienaufenthalte

field of study which is relevant for their exchange). Please note: 60 ECTS credits are the minimum requirement; depending on partner institutions and/or degree programmes, more credits may be required.

- Proof of required language skills
- Purpose of stay: Full-time study programme
- Recognition of courses at TU Graz is necessary.
- Duration of stay: min. 2 to max. 12 months
- No nomination for other mobility programmes for the same study period

Application procedure

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/erasmus-studienaufenthalte

Application period for the upcoming academic year

- Main application round: January
- Application deadlines for remaining spots will be announced separately in spring and early summer.

Application details and further information can be found here:

- ▶ tu4u.tugraz.at/go/erasmus-studienaufenthalte

Erasmus+ Student Traineeships

Erasmus+ enables mobility of students at higher education institutions. Members: EU-countries, Iceland, Liechtenstein, North Macedonia, Norway, Serbia and Turkey. Within the framework of the Erasmus+ programme, students have the opportunity to go abroad for up to 12 months during each study cycle (Bachelor, Master, Doctorate), both in order to study and/or to complete a traineeship.

Eligible institutions/companies

Private and public companies/institutions (also higher education institutions) independent of size, legal form and business area.

Excluded are:

- EU institutions and organisations
- organisations that administer EU programmes
- members of the European Parliament
- private persons

Scholarship*

- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Stipend: approx. € 570 - € 670 per month (depending on the host country)
- Students with special needs or chronic illnesses and students with children can apply for a monthly Top-Up of € 250.
- Top-Up Green Mobility of € 50 for sustainable travel

*A net income limit applies for this mobility programme. Please see the relevant webpage for details.

Application requirements

- Enrolment as a degree student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education

MORE INFORMATION

tu4u.tugraz.at/go/erasmus-studierendenpraktika

Programme for Secondary Schools within the Teacher Education Network South-East can only apply, if TU Graz is the home university.

- It is possible to complete a traineeship already in the 1st semester, however it is highly recommended not to do a traineeship prior to the 3rd semester.
- Proof of required language skills
- Completion of a full-time traineeship (30 - 40 hours/week)
- Duration of the traineeship: min. 2 to max. 12 months
- No nomination for other mobility programmes for the same time period
- The traineeship has to be a useful addition to the study programme or part of the bachelor's, master's or doctoral thesis.

Application procedure

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/erasmus-studierendenpraktika
- Students are required to self-organize their traineeship. The International Office - Welcome Center is not responsible for finding adequate offers.

Application deadlines

- The application documents have to be submitted at least one month before the official start of the traineeship.

Further information can be found here:

ISEP - International Student Exchange Program

The International Student Exchange Program (ISEP) is the biggest international network for student exchange, consisting of more than 350 partner universities in countries all over the world (for European universities, please see Erasmus+ programme). The exchange programme is administrated by the ISEP Global Office in Arlington (VA), USA.

Scholarship

Required payment of programme fee of € 2,500 at TU Graz

Included benefits:

- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Accommodation covered by the host institution
- Monthly stipend from the host institution (meal stipend)
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

Application requirements

- Enrolment as a degree student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Completion of at least 60 ECTS credits in the field of study which is relevant for their exchange at application deadline
- Good grades
- The majority of ISEP partner universities require a TOEFL or IELTS exam with excellent results; if a student is applying to universities where the language of instruction is not English, comprehensive knowledge of the national language (e.g. Spanish) is required.
- Students are allowed to study abroad with ISEP only once.
- Duration: 1 semester
- No nomination for other mobility programmes in the same time period.

MORE INFORMATION

tu4u.tugraz.at/go/isep

Application procedure for ISEP Exchange

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/isep
- Upon nomination by TU Graz, the list of desired universities will be sent to the ISEP Global Office. ISEP will place the student according to the student's qualifications and availability of places at the desired universities.

Application period for the upcoming academic year

- October

ISEP Direct

ISEP Direct is a further possibility to study at an ISEP member university. Application is directly via ISEP and a place is guaranteed as long as the study requirements are fulfilled. Students must pay all their expenses and university fees by themselves but are encouraged to apply for a grant through the TU Graz Freemover programme after nomination, in order to get coverage for some of the expenses.

Partner universities

Montclair Scholarship, USA

Within the framework of the town twinning agreement (*Städtepartnerschaft*) between the cities Graz and Montclair (New Jersey, USA) two students have the opportunity to study abroad for a period of one year. The cities Graz and Montclair have been twin cities for a long time and the student exchange programme is at the core of the town twinning agreement. The city of Graz sends students as ambassadors representing the city of Graz in Montclair. Nominated students have to enrol for a full load of 12 semester hours at the host university (Montclair State University).

Scholarship

- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Student housing and meal cards covered by the twin cities
- Travel allowance
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

Application requirements

- Enrolment as a degree student at TU Graz; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply, if TU Graz is the home university.
- Students may apply from their 1st semester on.
- Reference to Graz/Austria:
 - Applicants with residence in Graz (for at least 2 years) are preferred
 - Knowledge of the city of Graz and Austrian culture
 - Very good knowledge of German and English
- Duration of stay: 1 academic year
- No nomination for other mobility programmes in the same time period.

Research Abroad

Students who are currently writing their bachelor's, master's or doctorate thesis can apply for a scholarship for academic research at a university, research institute or company worldwide.

- Students can receive funding for
 - a) Bachelor's thesis: 2 weeks up to 3 months
 - b) Master's thesis: 2 weeks up to 6 months
 - c) Doctorate thesis: 2 weeks up to 10 months
- Multiple applications are possible.

Students planning a stay in Europe (except Switzerland and Great Britain) for at least 2 months, can apply for the Erasmus+ student traineeships. Students planning a stay shorter than 2 months or outside of Europe (or in Switzerland and Great Britain) may apply for the Research Abroad Scholarship.

Scholarship*

- Stipend
- Travel allowance
- Tuition fee waiver at TU Graz under certain conditions. Student union fee has to be paid
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month).

*A net income limit applies for this mobility programme. Please see the relevant webpage for details.

Application requirements

- Enrolment as a degree student at TU Graz for at least 1 year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the

Traineeships worldwide

Students at TU Graz have the opportunity to receive a grant payment for a traineeship abroad. The traineeship must be relevant for their studies and provide them with practical training. Students can apply for the grant once during each study cycle (Bachelor, Master, Doctorate) from the first semester on.

Eligible institutions/ companies for receiving a trainee

Private and public companies/ institutions (also higher education institutions) independent of size, legal form and business area are all possible.

Students who are planning a traineeship of at least 2 months in an EU/EEA country, Serbia, North Macedonia or Turkey can apply for an Erasmus+ traineeship. Students are not allowed to apply for both grants for the same time period.

Scholarship*

- Traineeships in Europe and Turkey: one time grant of € 200
- Traineeships outside of Europe: one time grant of € 300
- No travel allowance is granted.
- Tuition fee waiver at TU Graz under certain conditions. Student fee has to be paid.
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

*A net income limit applies for this mobility programme. Please see the relevant webpage for details.

Visit us!

International House @ TU Graz

Welcome to the International House of TU Graz – the ideal place to spend some time networking and enjoying the international flair.

The house is a meeting place for our students and employees from all over the world as well as for all those at TU Graz who are interested in getting in touch with internationals.

The International House is also the home of the International Office – Welcome Center and many other rooms where international events and meetings take place. Moreover, these rooms invite you to hang out and network with the national and international community of TU Graz.

Location

International House
Lessingstrasse 32
8010 Graz

Regular opening hours

Mon - Fri from 9am - 5pm

Rooms and offer

Come together! On three floors, the International House offers numerous opportunities to network (internationally) and to study and work together.

During opening hours (9am - 5pm), the International Lounge, Kitchen and Garden are open to everyone to take breaks and spend their free time together. Additional rooms, such as the International Study & Work Zone, can be booked for study groups and co-working sessions.

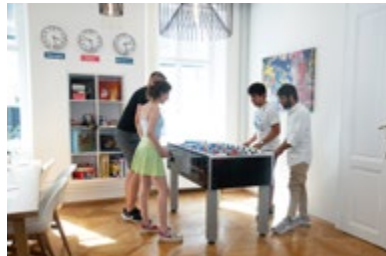

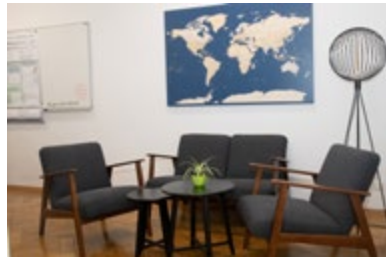

Consultations for mobility programmes

- During opening hours (upon availability)
- By appointment in advance with your Exchange Coordinator
- During the Study Abroad Drop-In Advising Session on Tuesdays (2-4pm)

**MORE INFORMATION**

tugraz.at/go/international-house

Summer Schools and Academic Courses Abroad

Students can receive funding for attending summer schools and specialist courses throughout the year.

- Multiple applications are possible; students may receive funding for up to six months in total, but for a minimum of five days and a maximum of four weeks per summer school or course.
- The scholarship cannot be used for the participation in language courses, conferences and meetings.

Scholarship*

- Stipend
- Travel allowance
- Course fee allowance: students are refunded 2/3 of the course costs, up to a maximum of € 1,000
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

*A net income limit applies for this mobility programme. Please see the relevant webpage for details.

Application requirements

- Enrolment as a degree student at TU Graz for at least one year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Completion of at least 30 ECTS credits in the bachelor's degree programme relevant for the stay abroad, no proof of ECTS credits required for master's and PhD degree programmes
- No nomination for other mobility programmes in the same time period

MORE INFORMATION

tu4u.tugraz.at/go/summer-schools-and-academic-courses-abroad

**Application procedure**

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/summer-schools-and-academic-courses-abroad

Application deadlines

- Continuous application possible
- All the required application documents must be submitted at least one month before the start of the course.

Please note:

In some cases, this kind of mobility might be conducted via the Erasmus+ programme for which different procedures and funding rates apply. More information about Erasmus+ Short-Term Mobility can be found on TU4U.

Joint Courses with International Universities

This programme offers financial support if a part of the course at TU Graz is officially held in cooperation with an international university and together with students from this university. This usually concerns blocked courses, in which one block - lasting between 5 days and three weeks - takes place abroad.

Scholarship

- Stipend (for max 15 students)
- Travel allowance
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

Application requirements

- The course has to be held in cooperation with an international university; the course can be held in a block module during the stay abroad.
- Funding is only possible for international universities from outside the German-speaking regions. Exception: cooperation with a strategic partner university or at a Unitel partner university in the German-speaking region.
- The stay abroad must be part of a course at TU Graz and also part of a course at the host institution.
- Students from both universities have to work together on projects and achieve predefined goals.
- Students have to be enrolled at TU Graz (main university); students studying any NAWI-programmes, the joint degree programme CSS or Electrical Engineering and Audio Engineering can only apply if TU Graz is their main university.

MORE INFORMATION

<https://tu4u.tugraz.at/go/joint-courses/>

Application procedure

The course lecturer submits an application for funding at the International Office - Welcome Center before the twice-yearly submission deadline.

Students can inform the lecturer about this funding opportunity or inform the International Office about a possible course. The International Office will then contact the lecturer and give more information about this mobility programme.

After the deadline, applications are assessed according to given criteria and a maximum of four joint courses per semester selected to receive funding (max. one joint course per institute)

Please follow the guidelines:

▶ <https://tu4u.tugraz.at/go/joint-courses>

Application deadline

- Deadline for winter semester courses: 1 July
- Deadline for summer semester courses: 1 December

Further information can be found here:

Marshall Plan Scholarship, USA

The Marshall Plan Program is funded by the Austrian Marshall Plan Foundation. It is the Foundation's goal to see more Austrians and Americans participate in exchange programmes, thereby increasing mutual understanding of the host countries. The programme focuses primarily on research in technical sciences and applicants need to be working on their thesis. Applicants will be asked to hand in a research paper after their stay abroad. The minimum duration of stay is three months.

Scholarship

- between € 4,000 and € 10,000
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

Application requirements

- Enrolment as a degree student at TU Graz for at least one year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Main place of residence in Austria
- Academic supervisor of master's or Doctoral thesis at TU Graz
- Outstanding record of achievement
- Excellent English language skills
- No nomination for a stay abroad as part of another mobility programme in the same time period

MORE INFORMATION

tu4u.tugraz.at/go/marshall-plan-scholarship

**Application procedure**

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/marshall-plan-scholarship
- Students are required to self-organize their stay at the host institution. The International Office - Welcome Center is not responsible for finding adequate placements.

Application deadlines

- in October: deadline for stays abroad for the upcoming year
- in April: deadline for remaining spots

Note that due to a certain lead time, the earliest starting date for stays abroad is usually four to five months after the application deadline.

Double Degree Programme

Mechanical Engineering - Tongji University, China

Students of the Master's programme in Mechanical Engineering at TU Graz can obtain a Double Degree from TU Graz and Tongji University in Shanghai, China. The overall duration of studies in China is 3 semesters, plus the required courses at TU Graz.

For participants of this programme, contrary to the normal master curriculum, the following applies:

- The Master's thesis is written in English and mentored by two supervisors: one at TU Graz and one at Tongji University.

Scholarship

- Tuition fee waiver at host institution
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- Monthly stipend
- Travel allowance
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)

This Double Degree Programme is tailored to provide practical industry experience, facilitated by a strong partnership with AVL List GmbH:

- possibility to receive an additional scholarship from AVL
- opportunity to complete an internship at AVL Shanghai during the study period in China

Application requirements

- Enrolment in the Master's Degree Programme Mechanical Engineering at TU Graz at the latest by March 31, 2023
- Main place of residence in Austria
- Good grades

MORE INFORMATION

tu4u.tugraz.at/go/double-degree-programme-tongji

- English test: TOEFL iBT (min. 87) or IELTS (min. 6.5), Cambridge Proficiency English CPE or Cambridge Advanced English CAE (min. 180, level C or higher); important: no other English test will be accepted and the scores must be presented together with the application documents.

Freemover Programme

TU Graz offers students the possibility of financial support for self-organised study visits. If TU Graz does not have any cooperation agreements a suitable university or if all places on relevant mobility programmes are taken, students can also go abroad as a freemover and take courses towards their degree programme at TU Graz. Students take care of the organisation of their stay abroad on their own. There are no restrictions regarding the choice of host university and destination country.

After the acceptance from the host university, students can apply for financial support within the framework of the Freemover Programme at the International Office-Welcome Center of TU Graz. The prerequisite for receiving the scholarship is the achievement of a minimum academic performance of 3 ECTS credits during the stay abroad which must be recognized towards the degree programme at TU Graz after completing the Freemover Programme.

The duration of the stay at the host university can range from 5 weeks up to 1 academic year.

Scholarship

- Monthly stipend (the amount depends on the host country)
- Travel allowance
- Students with special needs or chronic illnesses and students with children can apply for a special grant for mobilities (€ 250 per month)
- Tuition fee waiver at TU Graz (student union fee has to be paid)
- ▶ **Note:** There is no tuition fee waiver at the host university. Students must cover this cost themselves.

MORE INFORMATIONtu4u.tugraz.at/go/freemover**Application requirements**

- Enrolment as a degree student at TU Graz for at least one year; students who are registered for a NAWI Graz study programme, the joint degree programme CSS, Electrical Engineering and Audio Engineering or for the Teacher Education Programme for Secondary Schools within the Teacher Education Network South-East can only apply if TU Graz is the home university.
- Successful completion of at least 60 ECTS credits in the first study cycle in the field of study relevant to the stay abroad
- No nomination for other mobility programmes in the same time period.
- Students can apply for the Freemover Programme once per study period (bachelor/master): max. one Freemover stay in the bachelor and one Freemover stay in the master programme.
- Approved pre-notification: As a minimum academic performance for the Freemover Programme, 3 ECTS credits per month need to be recognised at TU Graz

Application procedure

Please follow the guidelines:

- ▶ tu4u.tugraz.at/go/freemover

Application period

- Continuous application possible
- All the required application documents must be submitted at least one month before the start of the stay abroad.

Students talk about studying abroad

Ich kann euch Oulu voll und ganz empfehlen, die Kombination aus Natur und innovativer Technologie-Hochburg im hohen Norden hat mich fasziniert. Zudem werdet ihr viele neue Freunde aus aller Welt kennen lernen, viel reisen und Projekte mit Menschen aus unterschiedlichen Nationen absolvieren.
Outgoing-Student, Erasmus+, University of Oulu, Finnland

Südkorea ist einfach eine unglaubliche Erfahrung. Es ist einfach so etwas komplett anderes als hier in Österreich. Das muss man einfach erlebt haben, wenn man die Chance dazu hat! Jeder mit dem ich zu tun gehabt habe, wollte gar nicht mehr zurückkommen.

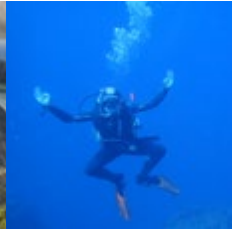

Outgoing-Student, OverSEAs, Inha University, Südkorea

All in all it was really an amazing experience, I met wonderful people, I made great friends and I learned a lot in just one semester. In my opinion they deserve of their high ranking. At times it was very hard but I don't regret choosing TU Delft. I would say if your priority is travelling and partying then TU Delft is probably not for you. But if you want to improve your knowledge and skills, be motivated by quite ambitious colleagues, then Delft is the perfect choice for you.

Outgoing-Studentin, Erasmus+, TU Delft, Netherlands

Neben dem besseren Lernsystem war ich von der Klassenatmosphäre begeistert. Die Klassen waren zumeist mit weniger als 40 Leuten besetzt (Ausnahmen sind Erstsemesterkurse bzw. Orientierungskurse). Das ermöglichte uns besser am Unterricht teilzunehmen bzw. dem Professor seine Studenten besser in den Unterricht einzubauen. Dieses Auslandssemester war mit Abstand das Beste, das ich meinem bisherigen Leben erreicht und erlebt habe. Ich kann die Menge an Eindrücken selbst noch immer nicht begreifen und erinnere mich ständig an neue Dinge, die ich erlebt habe.

Outgoing-Student, ISEP, Montana State University, USA

Unbedingt diese Chance nutzen, eine meiner schönsten Zeiten überhaupt!!!!

Outgoing-Studentin, Erasmus+, Chalmers University of Technology, Schweden

Ein Auslandssemester ist ein Once-in-a-lifetime-Erlebnis, egal wo man es absolviert. Ich kann dieses Erlebnis jedem nur zu 100% empfehlen. Es werden nicht nur die Sprachkenntnisse verbessert, sondern vor allem ist es eine Erfahrung, die einen persönlich prägt und formt. Man kann es nur verstehen, wenn man es einmal selbst erlebt hat. Den Schritt zu wagen und die Reise in ein fremdes Land mit einer nicht so vertrauten Sprache und einer anderen Kultur zu machen, kann teilweise unvorstellbar sein und eine Herausforderung für sich darstellen. Doch jetzt, im Nachhinein gesehen, waren es speziell die anfänglichen Schwierigkeiten, die mich aus meiner Komfortzone herausgeholt haben und neugierig für Neues, vielleicht sogar Unbekanntes, gemacht haben.

Outgoing-Studentin, OverSEAs, University of Waterloo, Kanada
