

PennState

College of Agricultural Sciences

Department of
Food Science

2024 Penn State Summer School 'International Food Science'

- Learn together with 20 students from the USA and abroad about where food comes from, how it is made, and how we evaluate it.
- Hands-on experiences in food processing, food safety, food chemistry, and food analysis, from raw material to product.
- Network with other students, and faculty from the USA and Austria.
- Enjoy the Central PA Fourth of July Festival and the Art's Fest during your stay

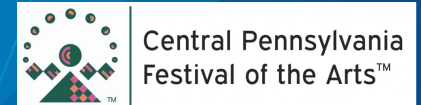

When: June 30 – July 13, 2024

Where: Washington, DC and Penn State Campus

Who: Undergrad & Grad students in food science, chemistry, or related degrees

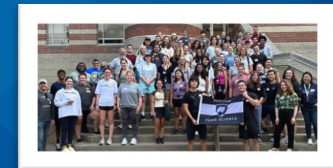

Course Fee: \$1,500 for non-PSU students (with housing); \$700 for PSU students

Fee include participation, excursions, and most meals, and exclude travel costs to and from the course!
