The Faculty of Mathematics, Physics and Geodesy of Graz University of Technology is seeking to appoint a full professor of Electron Microscopy at the Institute of Electron Microscopy and Nanoanalytics, starting October 01, 2020. The position is tenured according to Section 98 of the Austrian University Act (§98 UG).

The institute has a long tradition in the field of high-resolution electron microscopy and the development of new investigation methods for materials and life sciences. We are looking for a scientifically outstanding personality who strengthens research in the field of 2D and 3D electron microscopy with atomic resolution. For example, topics like Nanonanalytics, Cryo- and In-situ Microscopy or Electron Tomography will come into consideration. In the field of teaching, the future position holder should represent electron microscopy in its full breadth (at bachelor, master, doctoral level) as well as other specialist topics of the institute.

Within the framework of Nawi Graz, the Graz University of Technology and the University of Graz are striving to bring together their physics departments under a common roof, the Graz Center of Physics. It is expected that the future holder of the position will be actively involved in the Graz Center of Physics and is also willing to cooperate interdisciplinary with local research groups and further to develop the institute as a central service unit. In addition, the traditionally close cooperation with the Graz Centre for Electron Microscopy shall to be continued and fostered.

Applicants must have earned a doctorate (Ph.D.) in the required discipline or in a closely related field from an Austrian or equivalent foreign university.

Key selection criteria are as follows:
- Outstanding scientific qualifications in research and education in the subject to be filled and relevant international experience
- Excellent pedagogical and didactic skills (as evidenced by a habilitation or equivalent scientific achievements)
- Leadership abilities
- Successful experience in the acquisition of third-party funds

The chosen applicant should have a strong command of the English language, written and spoken, in order to effectively represent and communicate the subject matter in an international context both in the classroom and in the research field. If the candidate does not yet have sufficient knowledge of the German language, he or she must be willing to pursue and acquire said language skills.

The chosen applicant is expected to relocate his or her main residence to the Graz area.

Graz University of Technology aims to increase the proportion of women, in particular in management and academic staff. Therefore, qualified female applicants are explicitly encouraged to apply. Until a balanced ratio of men and women has been achieved at the university, preference will be given to women if applicants are equally qualified.

Graz University of Technology actively promotes diversity and equal opportunities. Applicants will not be discriminated against in personnel selection procedures on the grounds of gender, ethnicity, religion or ideology, age, or sexual orientation (anti-discrimination). People with disabilities who have the relevant qualifications are explicitly encouraged to apply.

Applicants are asked to forward a detailed application in electronic form (certificates and documents, curriculum vitae, a description of the applicant's scientific and professional career, publication list and
ORCID, copies of the five most important publications, an overview of his or her recent research and teaching activities, a concept for the future development in research and teaching) using the mandatory application form available at https://www.tugraz.at/go/professorships-vacancies by no later than May 15, 2019

(e-mail timestamp), attn:

Dean of the Faculty of Mathematics, Physics and Geodesy
Univ.-Prof. Dr. Robert Tichy
Graz University of Technology
Petersgasse 16/EG, A-8010 Graz, Austria.

E-mail: bewerbungen.mpu@tugraz.at.

Hearings are planned to be held from October 8 - 10, 2019, and applicants are requested to reserve these dates.

The Dean: Univ.-Prof. Dr. Robert Tichy www.tugraz.at
