The Graz University of Technology (TU Graz) / the Faculty of Technical Chemistry, Chemical and Process Engineering, Biotechnology invites applicants to apply for the position of an

**University Professor for**

**Pulp Fibre Technology**

It is planned to fill this position, pursuant to Sec. 99/1 of the Austrian University Act 2002, as from July 1, 2019. The position will be filled on the base of a 5-years employment contract at the institute of Paper, Pulp and Fibre Technology, as defined under the terms of Austrian Civil Law with Graz University of Technology.

We are looking for a personality who is particularly distinguished in the field of pulp and paper technology through scientific research and/or industrial practice. The applicant should have a research focus in the field of pulp fibre technology with a special focus on pulp fibers and pulp and paper production including downstream processing (e.g. printing technology, packaging applications). The research activities should include both nationally and internationally funded projects in basic and applied research in close cooperation with other scientific institutions and industry.

Furthermore, we expect willingness to an interdisciplinary cooperation inside and outside TU Graz, cooperation with the economic and industrial fields, and across faculty borders in the TU Graz Fields of Expertise, COMET centers as well as within the interuniversity collaboration NAWI Graz. We expect strong commitment to teaching on the Bachelor’s, Master’s and Doctoral levels in the field of pulp, fibre and paper technologies.

**Requirements:**

- PhD-level university education, in Austria or abroad, in disciplines relevant for the position
- Habilitation or similar qualification
- excellent teaching and research capabilities
- leadership skills
- the ability to work in a team
- multi-annual relevant experience in industries

Good command of written and spoken German and English is required for an excellent representation of the field in teaching and on an international level.

The transfer of residence to the area of Graz is required.

TU Graz aims to increase the proportion of women, in particular in management and academic staff, and therefore qualified female applicants are explicitly encouraged to apply. Until a balanced ratio of men and women has been achieved at the university, preference will be given to women if applicants are equally qualified. TU Graz actively promotes diversity and equal opportunities. Applicants are not to be discriminated in personnel selection procedures on the grounds of gender, ethnicity, religion or ideology, age, sexual orientation (Anti-discrimination). People with disabilities and having the relevant qualifications are expressly invited to apply.

Candidates should submit their detailed application
• using the application form sheet of TU Graz at https://www.tugraz.at/go/professorships-vacancies
• presenting their scientific record in teaching and research or in industries
• displaying their planned activities in research and teaching and for the development of the institute
• presenting their list of publications (including the full texts of the five most important publications)
• including copies of certificates and other documents

in electronic form at the latest by Month day, 2019 (date and time of email timestamp)
